

Dr. Marianne Gibbs  
Write Out of the Box!

**The Scissor Song**  
**(sing to tune of Oh, My Darlin')**

**First I crumple**, crumple paper – my hands open and close!

I use my Busy Fingers to make snowballs, both big ones and small.

When I crumple, crumple paper I am getting ready to....

To cut paper using scissors, using scissors at school!

**Next is ripping**, ripping paper – my hands grasp and pull!

I use my Busy Fingers on both hands to rip paper so well.

When I'm ripping, ripping paper I am getting ready to...

To cut paper using scissors, using scissors at school!

**Next comes snipping** using scissors, only one snip at a time!

I hold my scissors with my thumb up to snip play doh and straws.

When I'm snipping using scissors I am getting ready to...

To cut paper using scissors, using scissors at school!

**Now I'm cutting**, cutting paper – Just watch what I can do!

I cut on straight lines, curves and angles to make my great art.

When I'm cutting using scissors, using scissors at school

I am proud of my achievement and know you will be, too!
