

Helloooo SLPs!

New year, New topics..... Our upcoming WINTER CONFERENCE will be on March 1st via Zoom. Registration will be open on our website on Feb 6th 😊 (Email blasts to follow)

“Visuospatial and Cognitive Deficits in Right CVA: Updated Practice Patterns”

Wednesday, March 1st, 2023

Zoom Webinar

Zoom Opens at 5:15 pm, Conference from 5:30-8:30 pm

Registration Fee: \$50 pre-registration by February 24th, 2023

Presenters:

Michael Hauge, M.S. CCC-SLP received his Master of Science degree in Speech-Language Pathology from West Virginia University in 2016. Since graduation, Michael has worked in both inpatient and outpatient rehab, spending the first half of his clinical career at the Rehab Institute of St. Louis and the latter half at the SSM day institute. Currently, Michael works at Fontbonne University as a full-time clinical instructor in the Communication Disorders and Deaf Education Department where he also teaches one section of CDS 577- Clinical Aspects of Dysphagia. At this time, Michael plans to assume the role of Director of Clinical Education for the 2023-2024 academic year.

Relevant financial and non-financial relationships: Michael Hauge does not have any financial or non-financial relationships to disclose.

Lisa Jacques MOT, OTR/L graduated in 2012 from St. Louis University with her Masters of Occupational Therapy degree. Lisa has over 10 years of experience working in-patient rehabilitation hospitals working with various diagnosis including stroke, traumatic brain injury, amputee, lymphedema, spinal cord injury, and orthopedic conditions. Lisa began specializing in the treatment of vision disorders 5 years ago co-managing patients with neuro-optometrists at SSM Rehabilitation hospital. Lisa completed an advanced vision therapy mentorship program with Dr. W.C. Maples and Dr. Megan Lott with an emphasis on visual development and the visual processing hierarchy. Lisa currently practices vision rehabilitation at three SSM Rehabilitation Hospitals, Mercy Rehabilitation Hospital, and outpatient clients at Rockwood Eyecare.

Relevant financial and non-financial relationships: Lisa Jacques would like to disclose that she receives a salary from Rockwood Eye Care and will be referencing her place of employment and case studies during this presentation. She is also disclosing that her husband is the primary eye doctor at Rockwood Eye Care.

Overview

The speakers will be reviewing common ocular diseases and causes of dysfunction caused by right CVA. They will discuss ocular screening, assessment, interventions, and appropriate referrals within the SLP scope of practice. They will review various assessment materials used for visuospatial deficits then finally educate attendees on evidence based treatments for visuospatial as well as cognitive deficits in right CVA and how to

apply in functional therapeutic task. There will be time for questions and case studies at the end of the presentation.

MSHA Sponsored CEUs

Missouri Speech-Language-Hearing Association is approved by the Continuing Education Board of the American Speech Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. This program is offered for .3 CEUs (intermediate level; professional area). MSHA CE provider approval does not imply endorsement of course content, specific products or clinical procedures.

*PT's, OT's, and other health care professionals attending will receive a certificate of attendance.

*PT's, OT's, and other health care professionals attending will receive a certificate of attendance.

Learner Objectives

Participants will be able to:

- Participants will demonstrate understanding of common ocular disease and cognitive deficits often seen in right CVA.
- Participants will be able to screen and identify gross visual dysfunctions within the SLP scope.
- Participants will be able to identify common treatment modalities for ocular and cognitive manifestations in CVA patients.
