Drink and Food Packages:

We typically avoid the open bar arrangement since the price per person is so high and opt instead for a tab that can have a limit of your choosing. The drink price when all options are available typically averages \$4 per drink. That is just an average for reference. For example: Budweiser products are \$3, wine averages \$5.75, craft beers average \$4.50, top shelf cocktails average \$6. A cash bar requires a bartender for \$20/hour. This is waived when the host is providing an open bar.
