Add Mosaic designing to your Quilt making. Heidi will break down each step she takes to create a mosaic quilt including working from a photograph, how to draw shapes, recognizing values in the photos and translating them to the correct colors, and how to choose just the right fabrics for your quilt design. She'll share traditional and innovative design and cutting techniques and she'll show you how to do her NEWEST technique of putting the mosaic design together without the need for a light box or fabric marking tools. Two options for this class: Using a supplied kit you will be pre-cut, pre-fused applique pieces to build your own beautiful mini poinsettia quilt tile. Plus, Heidi will share her tips for successfully quilting and finishing your quilt tile.
