

# Job Vacancy:

## Multi Skilled Fire and Security Engineer

### Position Overview

We are seeking an experienced and highly motivated Multi Skilled Fire and Security Engineer to join our dynamic team. The successful candidate will be responsible for the installation, maintenance, and commissioning of fire alarm and security systems across a variety of commercial and residential sites in Norfolk and Suffolk.

### Main Responsibilities

- Install, service, and maintain fire alarm systems, intruder alarms, CCTV, access control, and other electronic security systems.
- Diagnose faults and perform repairs to ensure systems are fully operational and compliant with relevant standards.
- Conduct routine inspections and preventative maintenance to minimise system downtime.
- Commission new systems and provide customer training and handover documentation.
- Respond to emergency call-outs and provide timely technical support.
- Complete all necessary paperwork and reports in line with company procedures.
- Liaise effectively with clients, contractors, and colleagues to deliver high-quality service.

### Essential Skills & Experience

- Proven experience in fire and security system installation, servicing, and commissioning.
- Comprehensive knowledge of current fire and security standards and regulations.
- Strong fault-finding and problem-solving abilities.
- Ability to work independently and as part of a team.
- Excellent communication and customer service skills.
- Full, clean driving licence.
- Relevant industry qualifications (e.g., FIA, NSI, City & Guilds, or equivalent) preferred.
