## Reminder: Letter for a Fossil Fuel Treaty

We have been granted a gift, an earth created in all its diversity, vitality, and abundance, for which we are called upon to be stewards. Our role as stewards has been overshadowed by neglect, exploitation, and unsustainable consumption that threaten the natural balance, social harmony, and existence of life on earth. KAIROS has joined other communities of faith in signing on to a fossil fuels non-proliferation treaty. Millions have endorsed the Fossil Fuel Treaty as a way to signal their support for a fast, fair, and fully funded transition away from oil, gas and coal. This includes Indigenous nations, subnational and local governments, parliamentarians and elected officials, civil society organisations, businesses, scientists and academics, faith leaders, other public figures and individuals from every corner of the globe. We are invited as a faith community to review the treaty, share our thoughts and concerns, and consider joining many other faith communities in signing.

### [Faith Open Letter – Fossil Fuel Treaty](#)

On April 12, a Brunch Sunday, anyone interested in discussing this further is invited to grab brunch and join us in the lounge for some discussion and decision making about signing. Green Team members will be available to lead the conversation.
