NEW: From the M & P Committee

Our Next monthly meeting is Monday, Nov 10 at 5:30 pm via Zoom

The Ministry and Personnel (M&P) Committee acts under the guidelines of The Manual of The United Church of Canada. The committee functions around three roles, which are the consultative and supportive role, the healthy relationship's role, and the supervisory role. We provide resources & support for the staff & community of faith with respect to any issue affecting staff of our church, including ministry personnel and lay employees.

The committee works to build positive and trusting relationships between staff and members and adherents of the community of faith.

If members of the community of faith have praise or concerns about staff, both ministry personnel and lay employees, these can be shared in signed correspondence with the committee. The issues will be considered confidentially by the M&P Committee, which will recommend action.

Knox United Church is blessed with staff who are committed to their work, and we are thankful for this work in our community of faith.

Reminder: I Am a Change Maker: Anti-Racism Work in Church & Society

Each Wednesday in November

Join members of the Outreach Committee and Rev. Craig as we listen to and learn from stories across the United Church. Video stories may include: Accent is not a wall – it's a home. Where are you from? Subtle and not-so-subtle anti-asian racism. Being in right relations. From exodus to hope: why we leave and what soccer is teaching us. My hair, my rage. Who I am.

To attend via Zoom, please email Elaine Gibson at aurenv@gmail.com. Include your name and the email address you want us to use, and the Zoom link will be sent to you.

Also, email Elaine if you have any questions, or simply want to confirm your interest in attending.

Reminder: Unconscious Bias Workshop

Prairie to Pine Regional Council Equity and Diversity Committee is excited to host an online workshop on Unconscious Bias, Monday, Nov. 17, at 7:30 pm CST, for 90 minutes. With trained resource people, we'll focus on offering a very accessible, basic introduction to bias: what it is, how it can impact relationships between individuals and between communities, and how we can move past it to turn diversity into an asset instead of a perceived division. More details to come!

The Affirm Committee is planning to host a group viewing of this workshop at Knox with time to watch the video and have a discussion following the video. Watch for more information to follow.
