ABOUT US

Jansen's Pressure Washing was started in 2015. Having inherited a Briggs and Stratton 1.9 gallon per minute 2,900 psi pressure washer from his father after his passing, Corey Jansen began by washing his own home which led to washing the homes of family, neighbors, and friends.

Today, Jansen's Pressure Washing is armed with a vast array of knowledge and industry leading equipment. Servicing customer's needs for safe removal of molds and foreign substances in the residential, commercial, and industrial segments is our focus.
