To All Interested Parties,

The City of Thompson Falls has completed an Environmental Assessment for the proposed Ainsworth Community Park Project in downtown Thompson Falls, Montana. It was determined that a Finding of No Significant Impact (FONSI) is appropriate for this project, and the City will subsequently be requesting a release of funds from MDOC. The attached FONSI/NOI/RROF is required to be sent to those agencies listed on MDOC/CDBG's distribution list. As such, please see the attached document and let me know if you have any questions or comments.

Thanks,

Stephanie Reynolds, P.E.
