

Digest Quest App

Effective 01/01/2024

The Digest Quest App is designed to help users monitor and manage their digestive health and wellness. However, it is important to note that this app is not a substitute for professional medical advice, diagnosis, or treatment. The information provided by the app is for general informational purposes only and should not be considered as medical advice.

Users should always consult with qualified healthcare professionals for personalized advice regarding their health conditions and concerns. The app does not provide medical, therapeutic, or diagnostic services and is not intended to replace the expertise and judgment of healthcare professionals.

The Digest Quest App does not guarantee the accuracy, completeness, or reliability of any information provided. Users are responsible for their own health decisions and should seek the guidance of a healthcare professional before making any significant changes to their lifestyle, diet, exercise routine, or medication regimen.

The app may provide general wellness recommendations, but individual responses to such recommendations may vary. Users should use their discretion and consider their unique health circumstances when following any suggestions or advice that may be provided by the app.

Digest Quest, LLC and its affiliates shall not be liable for any direct, indirect, incidental, special, consequential, or exemplary damages, including but not limited to, damages for loss of profits, goodwill, use, data, or other intangible losses, even if advised of the possibility of such damages.

By using the Digest Quest App, users acknowledge and agree to the terms and conditions outlined in this disclaimer. It is essential to review and understand the app's privacy policy and terms of use before accessing or using any features of the app.

This disclaimer may be subject to change without prior notice. Users are encouraged to regularly review the disclaimer and other relevant documentation provided by the app for any updates or modifications.

If you have any questions or concerns about your health, please consult with a qualified healthcare professional.
