NOTES:

Vision Gymnastics has been open since June 1, 2020 and we have not had any COVID breakouts within our facility. We have been very fortunate! We attribute our success to 3 important factors (other than disinfecting which our facility regular does anyway):

1. Requiring that visitors and students wash hands upon entering the facility
2. Carpool drop off and pick up because it limits the number of people coming in and out of the building
3. Limited spectators which limits congestion in the lobby as well as our viewing area

We love our families and take the safety and success of our students and staff very seriously! Thank you for choosing to be a part of Vision Gymnastics and, most of all, thank you for your help in maintaining a safe environment for our students and staff!
