

## Mysunwork – Customer Referral Program Terms & Conditions

To keep our referral program fair and transparent, we've set the following guidelines for all customer referrals:

**Referral Registration:** All referrals must be submitted to Mysunwork (via phone, email, or online form) before the referred customer schedules service. Referrals claimed after a job has already started will not be valid.

**New Customers Only:** Referral rewards apply only to new customers who have not previously contacted or received service from Mysunwork.

**Job Completion & Payment:** Rewards are issued only after the referred customer's job is completed in full and paid for.

**One Referrer Per Customer:** Only the first person who submits a referral will be credited for that referral.

**Reward Options:** Customers may choose to receive their reward either as a gift card (Amazon, Home Depot, Visa/Mastercard prepaid) or as a direct check from Mysunwork.

**Reward Amounts:** \$100 for referrals that lead to any paid solar or electrical service. \$250 for referrals that lead to a Solar Removal & Reinstallation project.

**Processing Time:** Referral rewards are typically processed within 14 business days after job completion and payment.

**Program Rights:** Mysunwork reserves the right to modify or end this program at any time. Any abuse of the program will result in disqualification.

Thank you for helping us grow! This program is our way of saying thank you for trusting Mysunwork and sharing our services with friends and family.
