BROW & LASH TINT INFORMED CONSENT

I do hereby consent to have eyelash and/or brow tint applied to my natural eyelashes and/or brows by an esthetician at Ancient Esthetics.

_____ I understand there are risks associated with eyelash or brow tinting, including irritation, pain, stinging, burning, itching, discomfort, infection, or allergic reactions.

_____ I understand some residual staining may remain on the skin and will fade within a short period of time.

_____ I understand tint results typically last 2–4 weeks depending on skin type, natural hair color, and aftercare.

_____ I understand that while every effort will be made to achieve my desired color, results may vary.

_____ I understand tinting colors existing hair only and will not thicken, lengthen, or add additional hair.

_____ I understand the tint will gradually fade and periodic maintenance appointments will be necessary.

AGREEMENT

By signing below, I acknowledge that I have read, understood, and consent to the above checklist and brow/lash tint procedure.

Pre-Care Instructions

- Remove contact lenses prior to your service.
- Arrive with clean lashes and brows free of makeup and oils.
- Avoid waterproof mascara for 24 hours before your appointment.
- Inform your esthetician of allergies, sensitivities, or previous reactions to hair dyes or tint products.
- A patch test may be recommended for first-time clients.

Post-Care Instructions

For the first 24 hours:

- Keep lashes and brows completely dry.
- Avoid swimming, saunas, steam rooms, and excessive sweating.
- Avoid makeup removers, cleansers, and skincare products around the treated area.
- Do not rub or excessively touch the area.

After 24 hours

- Use gentle cleansers around the eyes and brows.
- Avoid harsh exfoliants and oil-based products when possible.
- Results typically last 3–6 weeks depending on skin type and home care.
