## WHAT HAVE WE BEEN UP TO?

### St Peters Hospice Launch Flagship Second-Hand Superstore

*by Ella Hamilton Savory*

NEWS!

Last week, the incredible St Peters Hospice charity opened their 43rd store on Whiteladies road in Clifton and kindly invited us to their launch party – and it was definitely an event to remember. At the door we were greeted by the ever-bright smiling face of the store's in-house volunteers and team, sharing their excitement at the prospect of the opening.

**From big names to vintage treasures, the store is a gold mine. Designed to appeal to all, the store stocks ladies fashion, menswear, children's items, toys, books, vinyl's and more.**

## NUDGEUP!

**NudgeUP is proud to announce its collaboration with UWE's HUB Magazine Society to see the pre-launch campaign of the NudgeUp app. The campaign will run exclusively for students at the UWE for a period of 1 month.**

NudgeUP is a photo-chat app that allows users to create positive conversations and build shared memories with their friends.

Whether you are looking to share a funny moment or cheer up a friend, NudgeUP offers a variety of fun and engaging prompts that you can pair alongside texts, photos and voice messages to spark uplifting conversations.

All UWE students are invited to join NudgeUP and be the first to experience our app.

Click the button above to get early access, claim your username, and receive exclusive prizes presented by HUB Magazine. Then click the button below to download the test app for the phone you have.

We can't wait for you to join our NudgeUP community! See you there :)

## JAMWORKS

Enter Code: HUB87

[HTTPS://APP.JAMWORKS.COM/AUTH/REGISTRATION?R=HUB87](https://app.jamworks.com/auth/registration?R=HUB87)

Click the link above, select 'pro subscription', the discount code will automatically apply.

For clarification the discount is:

87% off first month (£14.99-->£1.99)

54% off every month after (£14.99--> £6.99)

**Jamworks is an inclusive and accessible learning enhancement platform built to service students.**

### *Highlighted Features:*

- Records videos, transcribes audio and allows students to highlight the most important parts of a lecture at the click of a button.
- Highlight what's important and Jamworks will summarise what was said into bite-sized study notes
- It'll convert your notes into revision quizzes to help you test yourself. Each section is linked to the appropriate section of the recording.
  - Compatible with most setups such as Zoom, Google Hangouts, Blackboard, Canva and Microsoft Teams
- If you zone out during a session and missed something, simply select the trackback button to jump back in 15 second increments to start highlighting from the point you lost concentration
- Customisable: Seizure safe, vision impaired, ADHD friendly and cognitive disability or select from dozens of custom adjustments to help make Jamworks work for you no matter your ability, disability or learning difficulty
