## Launching Your Start-up Venture Journey

As simple as 1, 2, 3

#### **Three things:**

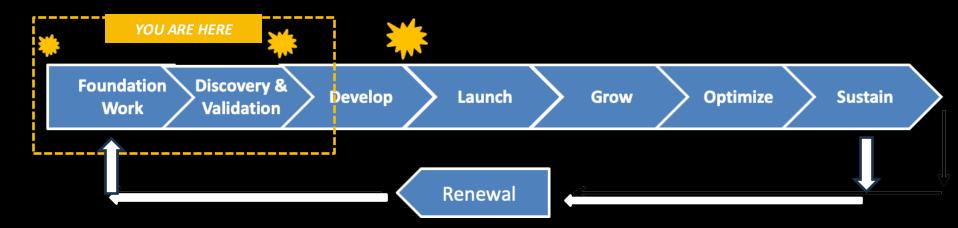

A Passionate Innovation-centered Person, a Blank Piece of Paper, and a Spark of an Idea!

# The Sustainable Social Venture Lifecycle Journey

#### Understanding the path to help navigate towards greater success

#### The Sustainable Social Venture Venture Lifecycle

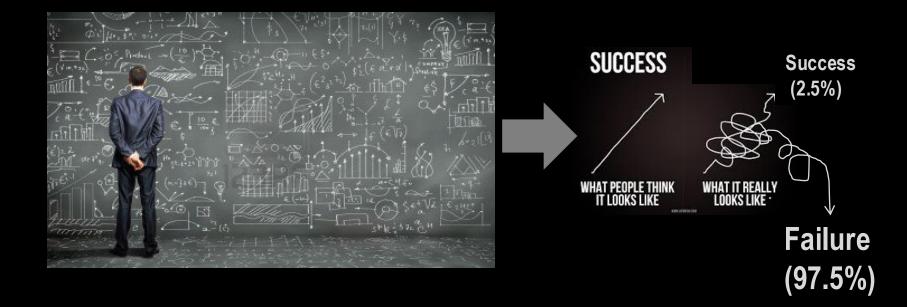

Turning the social venture's innovative ideas into a reality are dependent on securing essential resources at critical early-stage start-up junctures. \*

# For every 1,000 new early-stage venture proposals reviewed by investors, how many secure funding?

**2.5%** (25:1000!!)

## Early-stage venture funding success rates ... ...an unacceptable equation!

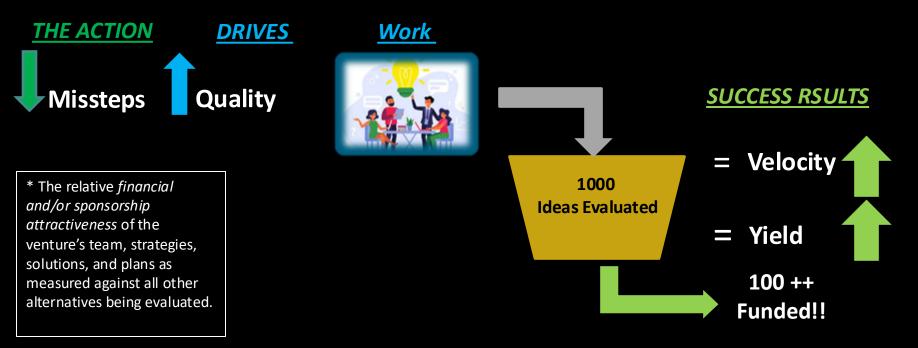

Experience shows, improving the odds of achieving "Success" are dramatically improved when you avoid the common missteps being taken by others.

SUCCESS

#### Avoiding common missteps increases the "Quality" of an early-stage Venture's work and dramatically improves Results!

# Realizing greater "Success" from your social venture efforts requires avoiding critical Missteps by:

- **#1** Orchestrating the focus and timing of work to sustain forward momentum
  - **#2** Beginning the journey with a clear view of what "Success" means to you!
  - **#3** Establishing a clear community segment and needs focus
  - #4 Building a collaborative team composed of the right talent early
  - **#5** Developing a clear view of the community's ecosystem and the unique goals and objectives held by its various stakeholders
  - **#6** Taking an empathic approach to idea/solution discovery & design
  - **#7** Pursuing the "Right" idea; one that delivers "Value" & "Quality" to ALL
  - **#8** Tell a winning story; designed to reach the Hearts & Minds of each audience

# Navigate Your Journey Towards Greater Fewer Missteps and Greater Success

#### The Breakaway Social Venture Start-up Framework

#### **Early-Stage Social Venture Start-up Success**

More "<u>Success</u>" will follow the entrepreneur and team that takes a more disciplined and structured approach to their early-stage start-up efforts; an approach designed to help them "<u>avoid the many missteps</u>" that often undermine a start-up's efforts and chances of realizing success.

By following a path that builds <u>quality</u> at every step of the start-up's early-stage journey, an entrepreneur and his/her team can substantially <u>"change the odds"</u> of securing the essential early-stage support and resource commitments needed to tun their <u>"Spark of an idea"</u> into an <u>innovative new solution(s) that can deliver</u> <u>meaningful levels of value to a world in need .....AND ... realize the "SUCCESS"</u> <u>they set out to achieve for themselves.</u>

# How will you help change the world? It all starts with a "Spark of an idea" and YOU!
