6. Discussion for proposed COTS Pilot Transit Route in Shawnee. CORTPO applied for a grant through the Rural Health Transportation Program to pay for all expenses except fuel, operations, and staffing. I will be reaching out the first couple weeks of May to set up a meeting with the City of Shawnee to discuss the project we are wanting to do. The remainder of funding will be collected as donations, sponsorships, and corporation support. See Attached map for route and possible stops.
7. Listening Tour meetings: Two out of three meetings were not attended by anyone but the transits, CORTPO, and the city employees. I have cancelled the remainder of the meetings.
8. Earlier in the month of April the City of Maud reached out for help to map their cemetery. I was able to discuss the project with the OU Spatial Center and connect OU with the City of Maud. If the project is successful and we get a better understanding of the cost, we may be able to expand the help to our other municipalities.
9. Roundtable updates
