## @Francesca Michaelis

Owner/Founder of Promise  
and Pearl Events

Francesca has been working with brides and grooms since the age of 14, starting as a banquet server and growing into wedding sales, planning, and day-of execution. She has led teams with a genuine passion for her work, one that shines through in every detail. From the very first conversation to the wedding day itself, couples feel her calm presence, thoughtful guidance, and precise attention to every decision they entrust to her.

Promise and Pearl Events by Francesca was created after she stepped away from her dream job and realized her heart was still very much in weddings. With years of experience and a deep love for the industry, Francesca is here

to ease the stress of planning  
and help you truly enjoy your  
wedding day.
