

NEWS LETTER

PROJECT INTOMBI'S JOURNEY OF EMPOWERMENT.

ISSUE 1 | 31/01/2024

In the rhythmic cadence of our mission, we are honored to share the inspiring journey of Project Intombi over the past year. Every step forward has been a testament to the transformative power of education, empowerment, and the provision of reusable feminine hygiene products.

Our mission remains a beacon of hope, a pledge to empower women through dignified menstrual health support and education. As we tread forward, we actively break down cultural barriers, seeking not just to provide hygiene products but to create lasting change in the communities we touch.

A Ripple of Hope

In 2023, we expanded our reach to over 11 schools, extending our impact to 113% more recipients than before. The distribution of 1050+ buckets symbolizes a message of hope and dignity to the lives we touch. Each bucket carries the promise of a brighter future.

Looking ahead, we strive to reach 2600 young women, cementing our commitment to leaving no young woman behind. The path ahead may be filled with aspirations, but we move forward with the conviction of creating a positive ripple effect that echoes through the ages.

As we continue on this journey, we draw strength from the collective efforts and dedication of our team. With hope in our hearts, we pray for continued success, guided by God's grace. May our endeavors continue to impact more lives and inspire positive change.
