SUBJECT: UG Cable Replacement Project along Sawmill Valley Drive & Burbank Drive

Dear Customer:

Alectra Utilities will undertake a Cable Replacement Project along Sawmill Valley Drive between Burnhamthorpe Rd and Burbank Drive, Belveder Crescent, Belle York Court and Upperdale Park. Alectra Utilities will be performing the following construction work:

- Install underground ducts and primary cables along Sawmill Valley Drive, Burbank Drive, Belveder Crescent, Belle York Court and Upperdale Park.
- Upgrade the existing transformers and transformer foundations along Sawmill Valley Drive, Burbank Drive, Belveder Crescent, Belle York Court and Upperdale Park.

Alectra Utilities has received the necessary approvals and permits from the City of Mississauga to proceed with this work.

This project will require a significant excavation along the Municipal Road Allowance to install the new underground electrical distribution equipment, including concrete encased ducts and transformer foundations.

Additionally, construction vehicles and equipment will be apparent, and while we apologize for any inconvenience this may cause, we want to reassure the community that Alectra and our contractors adhere to best construction practices ensuring a safe work zone. Majority of construction will occur during the weekday typically between the hours of 7 AM to 4 PM.

Furthermore, the entrance to driveways fronting Sawmill Valley Drive, Burbank Drive, Belveder Crescent, Belle York Court and Upperdale Park may be impacted and every effort to coordinate safe vehicular passage during construction will be made.

Scheduled power interruptions may be required to safely complete our work and every attempt will be made to notify you in advance. **If your power will be affected, you will receive notifications by phone or notice on your front door, therefore please ensure that your primary contact phone number attached to your Alectra Utilities account is current.**

Construction is scheduled to begin April, 1st 2023 and completion is expected in December 31st 2023. Thank you in advance for your understanding and cooperation. Should you have any questions or concerns, please do not hesitate to contact Sam Matai at 905-798-2969 or Sam.Matai@alectrautilities.com.

Sincerely,

Alectra Utilities Corporation
