JURYING & ACCEPTANCE

This is a juried show. Submission of work does not guarantee acceptance into this show.

Artists may enter up to three pieces for jurying. There is room for 38 pieces of art. The number of pieces chosen depends on the size and quality of the work submitted.

A digital image of your piece must be submitted at the time of entry. Ensure it is a good quality image as it will be used for jurying (guidelines for preparing your image is below).

Accepted artwork must be shown at the reception. If you cannot be there for drop-off and hanging contact the show chair to make alternate arrangements.

JMH Auxiliary reserves the right to refuse any artwork that it determines, in their sole discretion, to be unsuitable for exhibition in the Auxiliary Gallery. Subject matter that may be objectionable to the public (nudity, obscenity, extreme political or religious views) will be disqualified at the discretion of the show organizers.

IMAGES FOR JURYING

A photo of your piece must be submitted at the time of entry. Ensure it is a good quality image as it will be used for jurying. Prepare your image and name your file as follows:

- Jpeg format only, 1200 pixels on shortest side; 72-96 DPI
- Image of artwork only. Do not include mat and frame.
- Name the file *Lastname_title.jpg*

PREPARING ARTWORK

All artwork must be labeled on the back with the artist's name and contact information, title, medium and price. There is a label sheet that you can download from the show web page.

All artwork must be appropriately framed or edges finished, WIRED with d-rings and ready for hanging. No sawtooth hooks or eyelets. Finished artwork must be minimum 16" x 20" and maximum 30" x 40" — ready to hang, weighing no more than 8 pounds each.

No wet paintings.

Ensure the picture wire is strong enough for the weight of the painting. Fasten the wire securely with the ends taped. D-rings should be no more than 5 inches from the top edge, or top 3rd. The center of the wire should reach 2 inches below the top of frame.

Oil, acrylic, and mixed media paintings may be presented unframed if the work is on gallery wrapped canvas, meaning canvas which is adhered to the back of the stretcher bars, not the sides. All edges must be finished with paint and no staples, brads, or other fasteners visible from the front or sides.

Watercolors, pastels, etc. must be sealed and varnished or under plexiglass/acrylic. NO GLASS

These guidelines are intended to help ensure the safety of your artwork, the handlers and the public. Accepted artwork found to not meet these guidelines and deemed to be unsafe for hanging may be disqualified at the discretion of the show organizers.
