

Friends of the Oelwein Municipal Urban Trail

To support, promote, enhance and protect The Oelwein Municipal Urban Trail, and its trail connectors now and for future generations.

Valued Oelwein Community Member:

The City of Oelwein Park and Recreation Department is proposing to develop a fully comprehensive trail system that will serve the entire community of Oelwein. The Oelwein Municipal Urban Trail will provide unprecedented access to all areas of the community connecting parks, schools, downtown and create numerous recreational opportunities for everyone. The existing two sections of trails are used extensively, but lack the continuity that is needed for an all inclusive trail system. Every year more walkers, joggers, bikers and cross country skiers utilize the trails. Most importantly; completion of this trail system will provide free access for all people to exercise in a safe manner. Completing the Oelwein Municipal Urban Trail system will drive tourism and economic activity as well as secure areas for environmental resources for generations to come.

The Northeast Iowa Charitable Foundation has generously contributed \$1.175 million towards this program to get this project started. The City wishes to complete this comprehensive trail system in the next five years and not wait for funding to appear which could take an additional 10-15 years. The trails committee is asking for an annual commitment of any level for the next four years of the committee's campaign. Recognition for your overall contributions will be displayed on a permanent donation board along the trail system when completed. The trails committee appreciates your generosity in making the comprehensive Oelwein Municipal Urban Trail system become a reality for this great community!

Oelwein Trails Committee,
Carrie Gearhart
