If you are unable to determine what level your child is in please talk with a staff member before hand and they will assist you with the proper placement.

The Learn-to-Swim program gives adults, and children ages 6 months and older, the opportunity to learn to swim in a safe environment. The program is designed to allow students to learn at their own pace and master the skills at each level before attempting the next challenge.

Each level of Learn-to-Swim includes training in basic water safety and helping others in an emergency, in addition to stroke development. These lessons are designed to give students a positive learning experience.

Level 1: Introduction to water skills: helps students feel comfortable in the water and enjoy the water safely.

Level 2: Fundamental Aquatics Skills: gives students success with fundamental skills

Level 3: Stroke Development: builds on the skills in Level 2 by providing additional guided practice.

Level 4: Stroke Improvement: develops confidence in the strokes learned and to improve other aquatics skills

Level 5: Stroke Refinement: provides further coordination and refinement of strokes

Level 6: Swimming and Skill Proficiency: refines the strokes so students swim them with ease, efficiency, power and smoothness over greater distances.

Level 6 is designed with “menu” options. Each of these options focus on preparing students to participate in more advanced courses, such as Water Safety Instructor and Lifeguard Training. These options include: Personal Water Safety, Lifeguard Readiness, Fundamentals of Diving, and Fitness Swimming.

Trail Sponsorship

The City of Oelwein Park and Recreation Department is proposing to develop a fully comprehensive trail system that will serve the entire community of Oelwein. The Oelwein Municipal Urban Trail will provide unprecedented access to all areas of the community connecting parks, schools, downtown and create numerous recreational opportunities for everyone. The existing two sections of trails are used extensively, but lack the continuity that is needed for an all inclusive trail system. Every year more walkers, joggers, bikers and cross country skiers utilize the trails. Most importantly; completion of this trail system will provide free access for all people to exercise in a safe manner. Completing the Oelwein Municipal Urban Trail system will drive tourism and economic activity as well as secure areas for environmental resources for generations to come. Please visit Oelwein.fun to donate today!

Park Shelter Sponsorship

The Oelwein Parks & Recreation Department would like to invite area businesses to sponsor a shelter in our Parks System. The City of Oelwein currently has seven shelters that are available for sponsorship in four of our beautiful parks. The Sponsorship Program is designed to effectively market local businesses while making a positive impact on our community. Unlike other traditional forms of advertising, sponsorships allow a business to be associated with the positive benefits of a community event or recreation program.

Recreation Sponsorship

The Oelwein Parks & Recreation Department would like to invite area businesses to sponsor a recreation program of their choice. Our recreation youth athletic teams rely on local businesses for support. Many of the costs associated with the teams, such as uniforms, referees and umpire salaries are not entirely covered through participation fees. For more information, please contact City Hall at 283-5440.
