About..

— OYSTER BUOYS —
Mobile Oyster Bar

We started Oyster Buoys with a simple goal in mind, to redefine the way people experience and appreciate oysters. Our aim was to not just offer a product but a full oyster experience.

Through our mobile oyster bar, we sought to bring our oyster knowledge to every single event and provide a truly interactive, informative, and rather tasty event each and every time.

Our aspiration remains unchanged—to make each event a cherished celebration, elevating it with the taste, tradition, and stories found within each oyster we serve.
