

Calling all football fans! Max's Sports Bar is pleased to announce our first-ever Pro Football Pick'em League! This allows everyone to test their football knowledge against each other by picking the winners of every NFL game, with fun prizes and weekly raffles! Here's how it works!

- Scan the QR code on this page; this will take you to Max's Sports Bar's website to sign up.
- Register to join the pool, and be sure to read the rules. They have all of the information you should need.
- Each week, you choose the winner of each game in the schedule, and choose how many points you want from the match, from 1 point up to 16, depending on how many games that week has. The more confident you are that a team will win, the more points you want to assign to that game. If the team you picked wins, you get those points!
- Submit your picks each week before the cutoff time. That's it!

Each week in the regular season, the top 3 performers win a gift card to Max's Sports Bar!

- 1st place gets \$60
- 2nd place gets \$40
- 3rd place gets \$20

All ties will be settled with a Thumb Wrestling match.

If anyone manages to have a Perfect Week, where they correctly pick the winner of every game over the course of a week, they will win a \$500 gift card to Max's Sports Bar!!

You will accumulate points each week towards the end of season standings, with the top 3 performers winning gift cards to Max's Sports Bar and a trophy to take home!

- 1st place wins \$300
- 2nd place wins \$200
- 3rd place wins \$100

Each Sunday, we will have 2 raffles for everyone who is present and registered in the Pool! All you have to do is show up on Sunday and make a purchase before halftime in either or both of the slates of games, which start at 12 PM and 3 PM, and you will receive a Raffle Ticket. At Halftime for each slate, we will draw one ticket at random, and the winner will receive a Bucket of Budweiser and a full order of our Nachos! You must be present when the drawing takes place to win.

All of the Raffle tickets will go into a pool, which will be kept until the end of the season. When the season is over, we will draw a name at random from all of the tickets collected, and the winner will get an awesome prize from our sponsor! The more entries you have, the better your chances of winning!
