FOR IMMEDIATE RELEASE

Soddy-Daisy Community Library to host Trunk or Treat and Movie at Veteran's Park

The Soddy-Daisy Community Library has teamed up with David Casteel from the David Casteel State Farm Agency, to present a night of fun for the Soddy-Daisy Community. On Saturday, October 30, 2021, they will host a trunk or treat event at Veterans Park in Soddy-Daisy, TN, followed by a featured spooky movie!

This free event will have local businesses, churches, and non-profit organizations setting up a decorated vehicle candy stop. At each trunk, children of all ages will find treats and maybe some spooky surprises.

“With events being cancelled again this time of year, we wanted to create a safe and sanitary environment where the entire community feels welcomed,” stated the library’s event-coordinator, Kelly Flemings. “Vehicles will be spaced apart, and participants will be socially distanced.” He added, “Hand sanitation stations will be located throughout the event and facial masks are always recommended to help protect those who are unable to be vaccinated.”

All participants are encouraged to decorate and dress up. Organizations will be competing for one of three prizes: Most Creative DIY, Most Inventive Design, and the Peoples Choice award. If your organization wants to participate please visit www.kelcurtfoundation.org and fill out the application.

The trunk or treat portion will start at 6 PM and end at 8:00 PM. Afterwards, guests are invited to grab a free bag of popcorn and get ready for the movie starting at 8:30 PM. The featured film is a story of three 17th century witches, hanged for their murderous crimes. In modern-day Salem, an unsuspecting boy lights the candle which was fore-told to bring the witch sisters back to life. (Film name withheld due to licensing restrictions but if you “Poke-Us” we will tell you!)

“I have some great memories, growing up, participating in community events just like this,” stated State Farm agent David Casteel. “To be able to sponsor and recreate those incredible memories for the children today is simply an honor and a joy.”

The City of Soddy-Daisy’s Fire Department will have small bon-fire pits set up around the area in case it gets a little chilly. Temperatures are expected in the 60’s so warm blankets and chairs are recommended.

Flemings added, “There has never been a city-wide event like this before, and we hope we can create a new annual tradition that the entire community looks forward to.”

The KELCURT Foundation, parent organization of the Soddy-Daisy Community Library, is a recognized IRS 501 (C) (3) non profit. The SDCL receives no tax monies and relies solely on the support of patrons and the community.

For Questions about the event, or if your organization wants to participate, contact Kelly Flemings at 423.800.2367, founders@kelcurtfoundation.org, or visit www.kelcurtfoundation.org.
