To Whom it May Concern

The Future Leaders Program has made a great impact on our students. Every week, students meet with Stephanie for weekly check-ins as well as group sessions that allows them to learn the skills that it takes to be successful in the classroom and beyond. The commitment and effort she puts forth goes to show the program's appeal and effectiveness. As a result of the weekly sessions, there has been a positive effect on our students. They are not only learning new skills but are also becoming better prepared to tackle the challenges of the future. This positive change has resulted in students being more successful in the classroom as well as socially.

The San Fernando High school community is lucky to have formed a partnership with the Tarzana Treatment Center and its staff to ensure that our students receive valuable services through the Future Leaders Program.

Sincerely  
Isaac Mayorga  
Dean of Discipline
