PHOTO SESSION INFORMATION

MEET GRACE

Hello, I'm Grace - a passionate & creative portrait photographer based in Melbourne, Victoria. My aim is to be your storytelling specialist, visually immortalising honest & authentic details that make your moment a "one of a kind" special memory

I began my photography business in early 2020 (not knowing the whirlwind of events that would take place globally soon after) & it has only reinforced to me the idea of seizing the moment & reminiscing it forever

My photography vision is:

- to celebrate the beauty of human connection, in all its forms
 - to capture precious moments with truth, authenticity, elegance & respect
 - to create pieces of art that will have a special meaning to my clients that they will proudly display & share with the world
 - and to be your storyteller that helps to translate elements of your legacy & life through my eyes & my lens

HOW I CAN HELP

I help to make moments last a little longer

Do you often find the days going by so quickly that you barely have time to register that a whole twelve months has passed? How often have we missed everyday moments because we have been so caught up in the pace that life throws at us?

Commemorating ourselves as individuals & our connection with our loved ones is an important thing. Photo sessions don't always have to be a special occasion - some of our best memories are the everyday trips to the beach with family, walking hand in hand with our partner through the city streets, picnics with our friends sharing food, laughter & good times. I want to honour the act of photographing the real, the raw & the authentic

I've included some information on my basic packages as well as specialty themed & lifestyle shoots - just see which of these photography possibilities best suits you. Whether you're expanding your business or expanding your family, I want to be there to help you thrive in confidence! We can certainly find the best session for your needs & potentially customise it to make it the perfect fit. Don't forget to also keep an eye on my socials for my special & limited studio mini sessions booked throughout the year!

Additionally, if there is a theme that I have not covered below, please reach out & we can discuss if I am able to help you create your dream photo session. My discovery calls are absolutely **free** with a no obligation approach & I'd love to discuss your potential session with you!

All prices are exclusive of any studio hire costs that may be required - this cost will be added to the invoice & is dependent on each individual studio price list. Final prices may vary due to amount of images that may be taken - see Additional Package Extras page. Please inquire for personalised quotes & for products that are not listed above

Please note: packages & prices are subject to change at my discretion
