

Yorkton Food Security Committee

Dear Community Member,

We are pleased to introduce the formation of the Yorkton Food Security Committee, a collaborative initiative dedicated to improving food security and reducing food waste in Yorkton.

Food insecurity is a reality for too many in our community. As prices rise and resources stretch thin, the need for reliable access to healthy food is greater than ever. This committee brings together stakeholders to identify needs, develop strategies, strengthen existing supports, and implement solutions that improve our local food system.

Our mission is to enhance food security through coordinated efforts, advocacy, education, and resource-sharing. In the coming months, we will be engaging with the community to educate, listen, learn, and work together on initiatives that make a lasting impact.

We invite your support, participation, and ideas as we move forward. Whether you're a community member, business owner, local farmer, nonprofit leader, or simply passionate about food justice, your support matters.

With this letter you should have received a list of partner agencies and how to donate, along with a calendar of existing resources and how they can be accessed. Please consider supporting food services in Yorkton. We ask that you share this information with anyone who may be interested in accessing or donating to food services in Yorkton.

Together, we can build a more resilient, inclusive, and nourished community.

Sincerely,

Yorkton Food Security Committee
