**Text: 231-201-3446**

## **COVID-19 Update**

Please know that our office is following all recommended guidance from public health authorities, including best practices for hygiene, infection control and dental professional team health. We are confident in our ability to continue seeing patients and providing dental care according to the tradition of quality care you deserve and have come to expect.

If you are experiencing any of the following symptoms, please contact us before coming to the office for your appointment:

- Fever
- Cough
- Difficulty Breathing

### **Please follow the guidelines below on the date of your appointment:**

- When you arrive at our office remain in your vehicle and text us at 231-201-3446
- The office may text you a link to update any forms we need
- Wait in your vehicle for a text message letting you know that your dental team is ready to see you
- Upon entering the building face coverings must be worn and we encourage you to wash your hands
- You will be greeted and screened for COVID-19 symptoms and have your temperature taken
- We are limiting access to our operatories to only the patient when possible. If the patient must be accompanied a face mask and shield will be provided.

Please let us know if you have any questions. Thank you. We look forward to seeing you soon.
