5 LITTLE PUMPKINS

SENSORY ART

COLORING & TACTILE FUN!

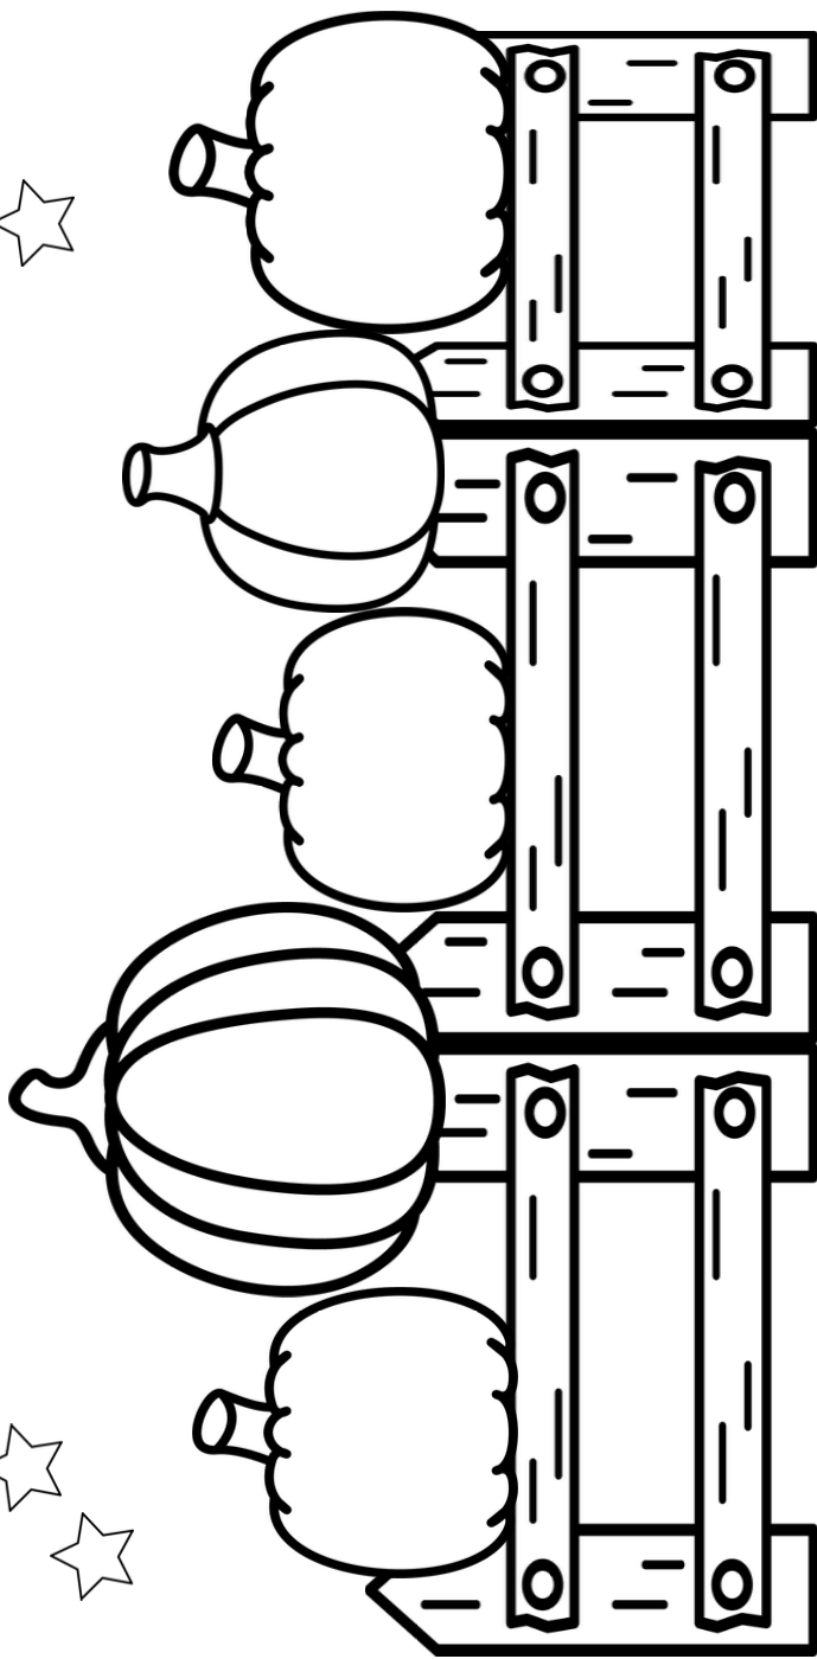

©ToolsToGrow®

DIRECTIONS FOR ASSEMBLY

1. Type directly into PDF to add student's name at top of the page.
2. Print out coloring page. Print on cardstock or glue to heavy construction paper.
3. Begin by using traditional tools such as crayons or markers to color as much or as little of the sheet as the child wishes.
4. The next step is to "decorate" the picture using glue and medium that offers tactile and olfactory experiences.
5. Use items that have fall colors, for example cinnamon, oregano, thyme, paprika, turmeric, chives and colored glitter.
6. Use popsicle sticks for the fence.
7. Have fun!

PUMPKIN PAPER CRAFT

©ToolsToGrow®

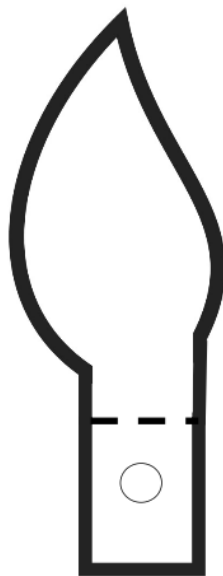

MATERIALS:

- orange construction paper OR orange crayon/marker
- green construction paper OR green crayon/marker
- scissors
- Glue/tape
- hole punch
- brass fastener

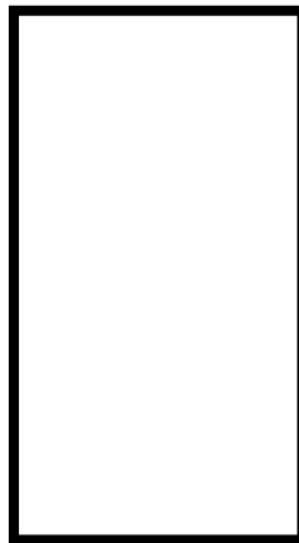

PRINT INSTRUCTIONS:

- 1 Print strip template (last page) on orange construction paper. Or print on cardstock and color strips orange.
- 2 Print stem (rectangle) and leaf template (below) on green construction paper. Or print on cardstock and

PUMPKIN PAPER CRAFT

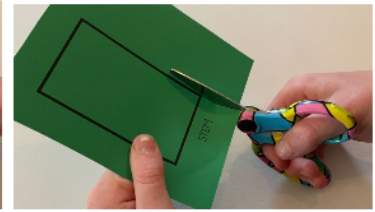

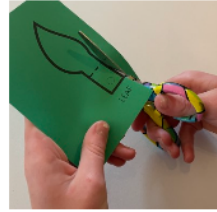

ASSEMBLY INSTRUCTIONS

- 1 Cut out each orange strip from the template.

- 2 Cut out green leaf and stem (rectangle).

- 3 Punch hole in leaf.

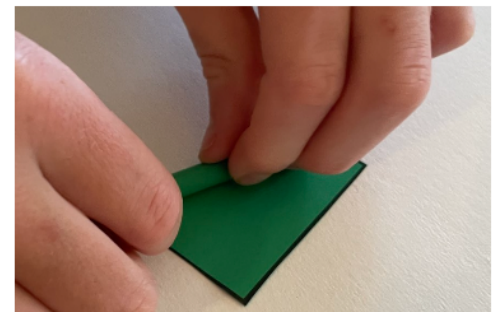

- 4 Fold leaf on the dotted line. This will allow leaf to pop up from the pumpkin.

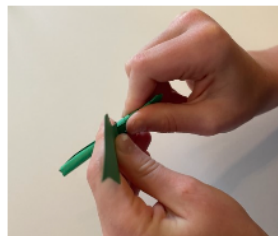

Make a Stem:

- 5
 - Roll paper into a tight cylinder.
 - Start in bottom left corner.
 - One end needs to be smaller than the opposite end. Tape or glue the edges in place.

- 6 Press leaf into stem.

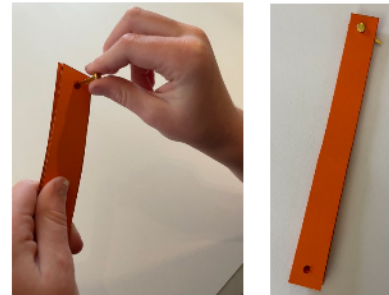

7

Punch a hole on both ends of each orange strip.

8

Stack the 8 orange strips. Push a brass fastener through one end. Secure the fastener. This will be the bottom of the pumpkin.

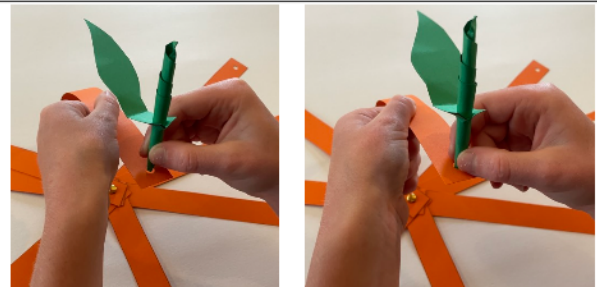

9

Separate and arrange strips with brass fastener in the middle.

10

Lift a strip from top (12 o'clock position) and bend it gently towards the center without creasing. Push the stem/leaf through the hole.

11

Pick up the next strip and press it through the bottom of the stem. The leaf will stay on the top.

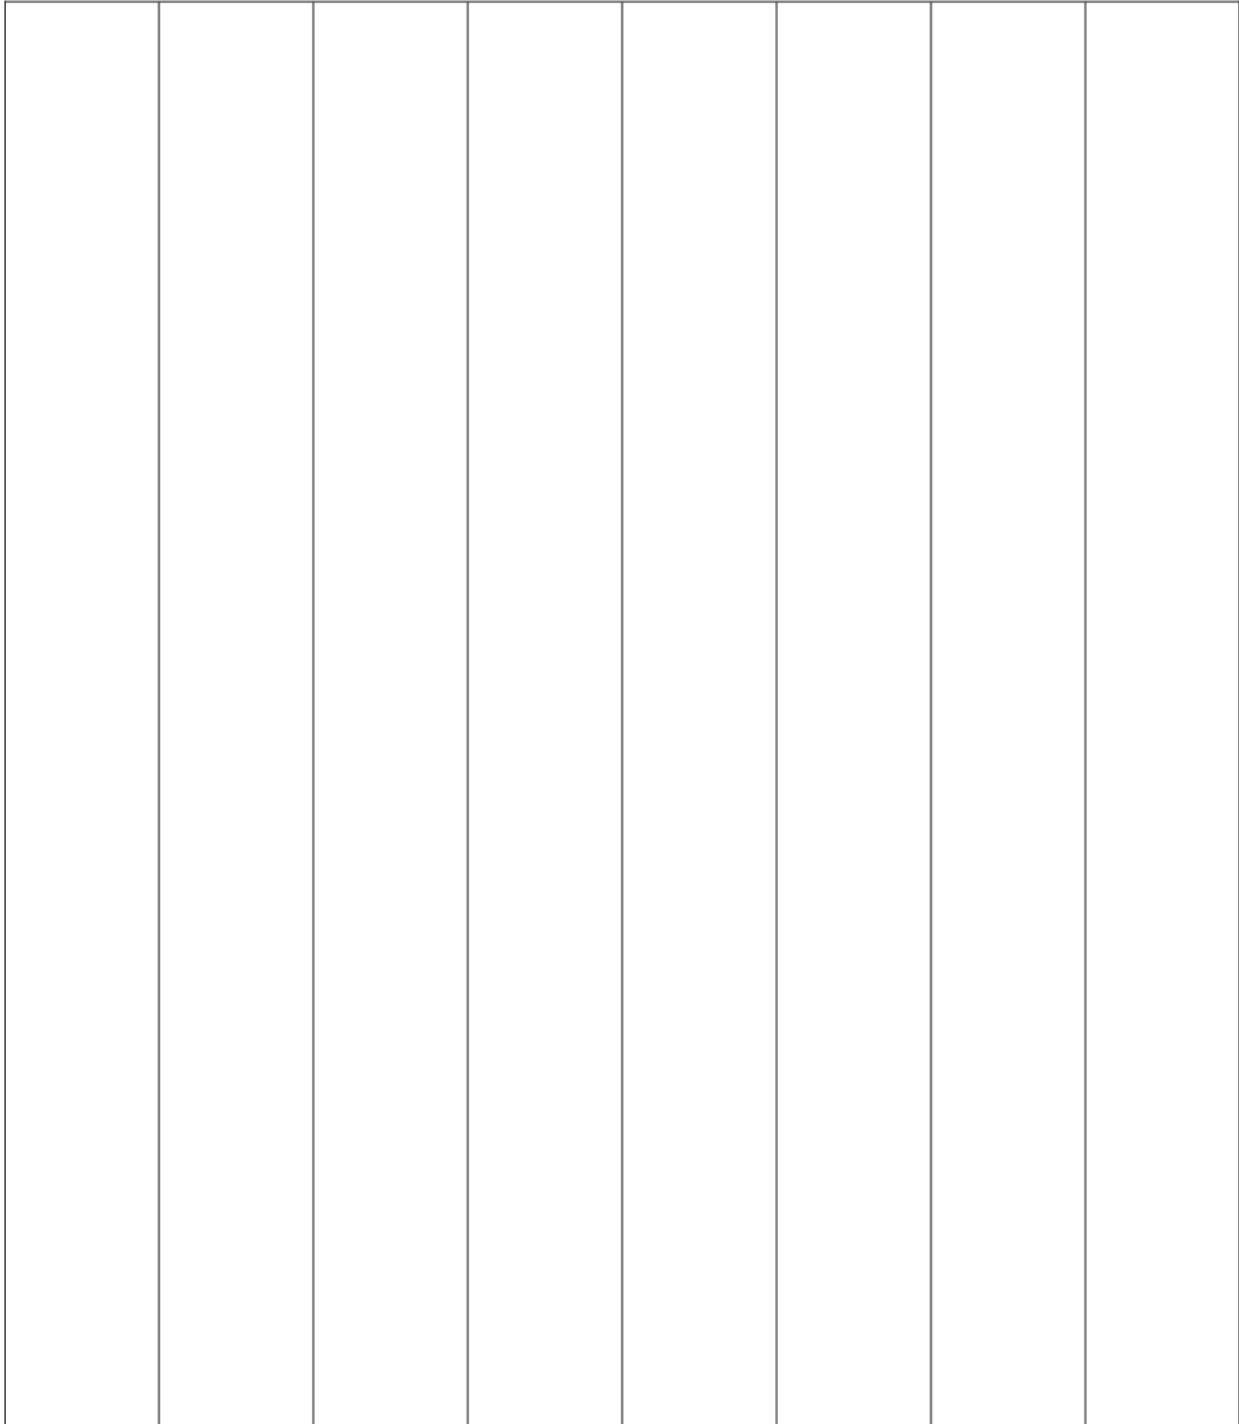

12

Repeat step 11 for all remaining strips until you have gathered all paper strips by the stem. Now you have a pumpkin!

SENSORY BIN

ITEMS NEEDED:

- Sensory Bin Filler Suggestions = silk leaves, corn kernels, dyed pasta, dyed rice or brown rice, crinkle paper, kinetic sand
- Other assorted small objects such as a spoon, scooper, small cup
- Assorted small Fall objects such as small acorns, plastic leaves, small pumpkins, pinecones, etc.
- Fall Matching Cards (supplied)-print, cut & laminate
- Fall Matching Board (supplied)-print & cut

DIRECTIONS:

1. Place desired quantity of sensory bin filler into a wide based container.
2. Add desired Fall objects, tools and decorative items as desired.
3. Bury the Fall Matching cards throughout the beans. Laminate cards for durability.
4. Encourage your child to explore the sensory bin by stirring, pouring, scooping, squeezing, etc.
5. Provide the child with the Fall Matching Board. Each time your child finds a Fall card, direct them to name the object and then match the card to the it's proper place on the Fall Matching Board.

VARIATIONS:

- Show child a certain Fall image that is on the Matching Board. Encourage the child to find that specified card within the sensory bin.
- Name a Fall image and encourage the child to find that specified Matching Card within the bin.
- Give hints about a certain image (ex: this Fall object is brown and bumpy = pinecone) and expect child to find the Matching Card within the bin.
