JESUS' SERMON ON THE MOUNT

A 3-PART STUDY

Wednesdays, June 10, 17, 24, 7:30pm in person & online

Jesus said and did many things and there are four gospel accounts that provide their own perspectives. But if you had to zero in on the core of Jesus' teaching and how he embodies it, what would that be?

Matthew's gospel puts all of that together in three key chapters known as: The Sermon on the Mount. Jesus as the new and greater Moses speaks the truth of God to people and to the world on a mountain. Rather than tablets of stone as Moses receives them, Jesus himself is the Word of God in what he speaks. Are you interested in engaging all this? Plan to join us.
