

# Pioneer

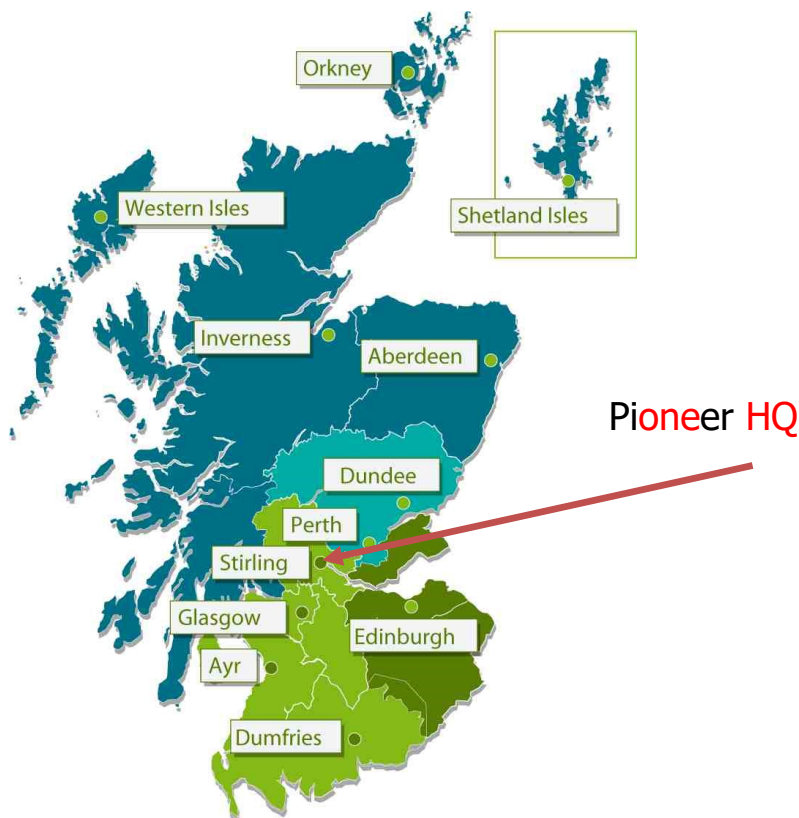

*Industrial Bearings & Power Transmission Specialists*

*Your Number **One** Supply Partner*

Pioneer Distribution Ltd is a family owned Maintenance, Repair & Overhaul (MRO) parts distributor based in the Central Belt of Scotland. The team at Pioneer have over 25 years experience supporting small, medium and large end users across all corners of the U.K. We work in partnership with many leading manufacturers and our aim is to offer our customers a true one-stop-shop facility.

Pioneer has the experience and knowledge to support many of today's key market sectors. Our stock holding is tailored around these sectors and should we not have your required part on the shelf, we have same/next day access to over £100 million of supplier support stock.

Our Central location allows us to deliver to every major city across Scotland and The Borders within 3hrs. Pioneer has partnered with both local and national logistic companies in order to guarantee we deliver your parts in a timeframe that meets with every customer requirement.
