

GLOBAL POLITICS

1. Analyzing the relationship among India, Sri Lanka, and the Liberation Tigers of Tamil Eelam (LTTE):

- Relationship between India and Sri Lanka:

The essay explores the ethnic conflict in Sri Lanka between the Sinhalese and Tamil communities, with the Sri Lankan government favoring the Sinhalese and discriminating against Tamils. India intervened in 1987 by sending humanitarian aid, deploying the Indian Peace Keeping Forces (IPKF), and signing the Indo-Sri Lanka Accord to assert its geopolitical dominance and support the Tamil population. The intervention aimed to disarm separatist guerillas and prevent the establishment of a Marxist state.

2. Understanding China's Debt-Trap Diplomacy with emphasis on the Belt and Road Initiative

The essay examines China's debt-trap diplomacy and its use of economic power for geopolitical dominance, revealing neo-colonialist intentions. It analyzes China's power through multiple lenses and highlights the erosion of borrower states' sovereignty. The essay emphasizes the parallels with historical colonialism and the negative impacts on local populations and the environment, calling for a comprehensive examination and response to China's economic power.

3. Interpreting the Implications of an U.S. Space Force on foreign policy

This essay examines the multi-faceted dynamics of space exploration, including military, commercial, and diplomatic aspects. It emphasizes the importance of international cooperation and regulation to ensure peaceful and beneficial use of space. The essay highlights the potential for scientific advancement and economic growth while addressing challenges such as space debris and the need for responsible space practices.

4. Evolution of U.S. Foreign Policy over time

This essay explores the evolution of U.S. foreign policy and decision-making, focusing on historical periods like the Truman Doctrine, Korean War, Vietnam War, and Gulf War. It argues that the Rational Actor Model is insufficient in explaining the decision-making

process, favoring the Governmental Model and mutual adaptation among actors. The essay highlights the role of presidents and changing decision-making dynamics over time.
