This Kitten is being sold as: PET _____ SHOW/BREED _____

Breed: _____

Color: _____

DOB: _____

Sex: _____

Parents: _____

Price: US\$ _____

Deposit: US\$ _____

Balance due at pick up: US\$ _____

The Price of our kittens is firm. Deposits are for the purpose of reserving your kitten, and are non-refundable, with the only exception being that the breeder can't produce the Kitten, in which case it is 100% refundable. We will only accept a deposit after an initial consultation, either a video or voice call. The balance on the price is due upon receiving and verifying your kitten in person, thus completing the sale.

THE FOLLOWING STATEMENTS WILL BE USED TO ENFORCE THIS CONTRACT:

- ✓ The breeder guarantees the kitten has been dewormed and has received age-appropriate vaccinations.
- ✓ Adopter agrees to have the kitten checked by a licensed veterinarian of their choosing within 5 business days of picking up, and it is advised to keep the kitten isolated from other animals until it is examined.

- ✓ If, after examination, the License Veterinarian finds the kitten to have genetic illnesses, the Breeder will replace the kitten with another of similar quality upon presenting test results from an accredited laboratory.
- ✓ The breeder is not responsible for veterinarian bills. If the kitten is unhealthy, the adopter agrees to contact the breeder immediately. Do not proceed with treatment unless you intend to keep the kitten.
- ✓ Adopter agrees to have prepared a clean and adequate space area for the kitten to settle upon arriving home (NOT CAGE OR CRATE).
- ✓ Adopter agrees to have made preparations for feeding, sleeping, playing, scratchers, litter boxes, and grooming before pick up.
- ✓ This kitten is being sold as a Pet, not for breeding. We highly recommend having him/her spayed/neutered at an appropriate age (around 6 months).
