# How to Create a Fundraising Slideshow on Your Fundraiser Page

Modified on: Wed, 2 Oct, 2019 at 10:42 PM

You can add multiple images to your individual or team fundraising page, which will display in a slideshow format. To do this, log in to your RunSignup account and go to your fundraising page. At the top, you will see a prompt to add a slideshow. Click the "+":

Next, you can upload your images one at a time by clicking **Choose your image** and uploading a .png, .jpeg, .jpg, or .gif file. You can add up to 10 images.

Build Your Slideshow

Use the uploader to add images. (10 max)

⚠ Warning, click save when finished or changes will be lost.

Choose your image

You can upload .png, .jpeg., .jpg, or .gif files.

🔘 Off   Disable Slideshow?

There is a built-in crop feature that will allow you to drag the edges of your image, zoom in, or zoom out. It will make your image the right proportions for the slideshow.

When you're happy with the layout of your image, select **Upload.** You can repeat this process with the rest of your slideshow images.

Once you've uploaded multiple images, you can easily delete or reorder your images:

When you have finished uploading and arranging images, click **Save** to save your slideshow. If you need to edit it (add, remove, or reorder images), click on the **Edit** button which appears in the upper right corner when you are logged in to RunSignup. You can also use this button to disable your slideshow at any time.
