Lakeshore Condominium Pet Policy

The pet policy is designed to ensure fair rights to both pet Co-owners and non-pet Co-owners.

We recognize that the majority of dog owners are responsible and considerate of their neighbors. However, we have also had to deal with some Co-owners who have not been cooperative. The Board periodically receives complaints regarding a disregard of the rules as they apply to dogs.

These offenses include:

- Aggressive dog behavior.
- Dogs not on leashes, or not in the control of an adult.
- Dogs barking incessantly when owners are away.
- Disregard of where dogs are designated to defecate.
- No proper disposal of feces.

Benefits of pet rules:

- To ensure peaceful enjoyment for all residents of Lakeshore Condominium.
- To reduce maintenance costs and eliminate damage to the grounds.
- To reduce the liability risk to the Association.
- To improve the appearance of the condominium complex.

Approval Process

- Each owner must submit all required information and documents to apply for pet approval by the Association.
- Requests will not be considered if all required information is not with the pet registration form.
- If there is a question or rejection of a submitted pet registration form, you will be contacted by the Board or Property Manager.

Procedure for Registration

To register your pet, owners must provide the Association with a completed Pet Registration Form and all the following:

1. Photograph of new pet. State "on file" if office already has a photo.
2. Proof of vaccinations.
3. Copy of current license.
4. Proof of insurance coverage with \$300,000 liability naming Lakeshore Condominium Association as an additional insured.

Violation of Pet Policy

It is expected that all Owners will be able to abide by the rules and discontinue any activities that break the rules or show a disregard for other Co-owners ability to enjoy Lakeshore. The Condominium by-laws set out a process by which violators will be fined up to \$100 for any offense. Repeated offenses can result in the removal of pet. If a Co-owner refuses to adhere to the rules, appropriate action will be taken by the Association at the Co-owners expense. Enforcing the by-laws is a necessity of living peacefully in a condominium community.

Procedure for Reporting a Violation

All Co-owners, occupants, and staff are expected to participate in the enforcement of rules and regulations. The Board will look at each situation when a complaint is received. In the case of any infraction, a written report of the violation must be delivered to the office that includes:

- A description of the incident.
- Identification of the person and dog (name or unit if possible).
- Date and time of incident.
- Your name, unit, and contact information.

No Co-owner shall have an absolute right to maintain a pet; the by-laws allow for removal of an animal from the premises. No unregistered pets will be allowed.
