

Joozoor

Add Life To Your Space

OUR MISSION

Joozoor, which translates to "roots," represents a foundation from which everything originates. As expats residing in Qatar and maintaining a deep connection to our cherished homeland, we have proudly launched Joozoor, a fresh and innovative company dedicated to incorporate natural art into the living spaces of individuals from all walks of life.

Joozoor presents an exciting opportunity for a fresh start and an innovative approach to enhancing houseplants market in Qatar through exceptional designs, by combining the beauty of indoor plants with unique and striking designs, Joozoor aims to create a new standard in indoor landscaping, elevating the experience for customers and transforming their living and working spaces

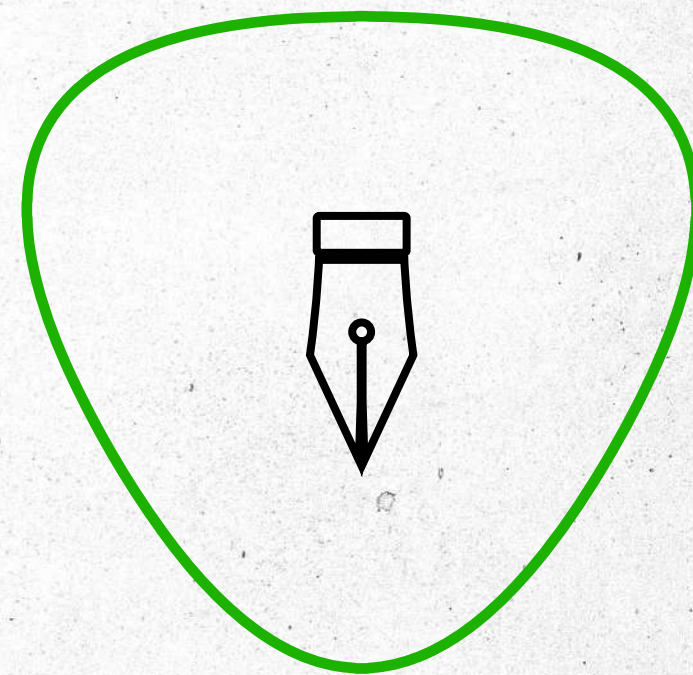

Maarouf Nassar

CEO/ FOUNDER

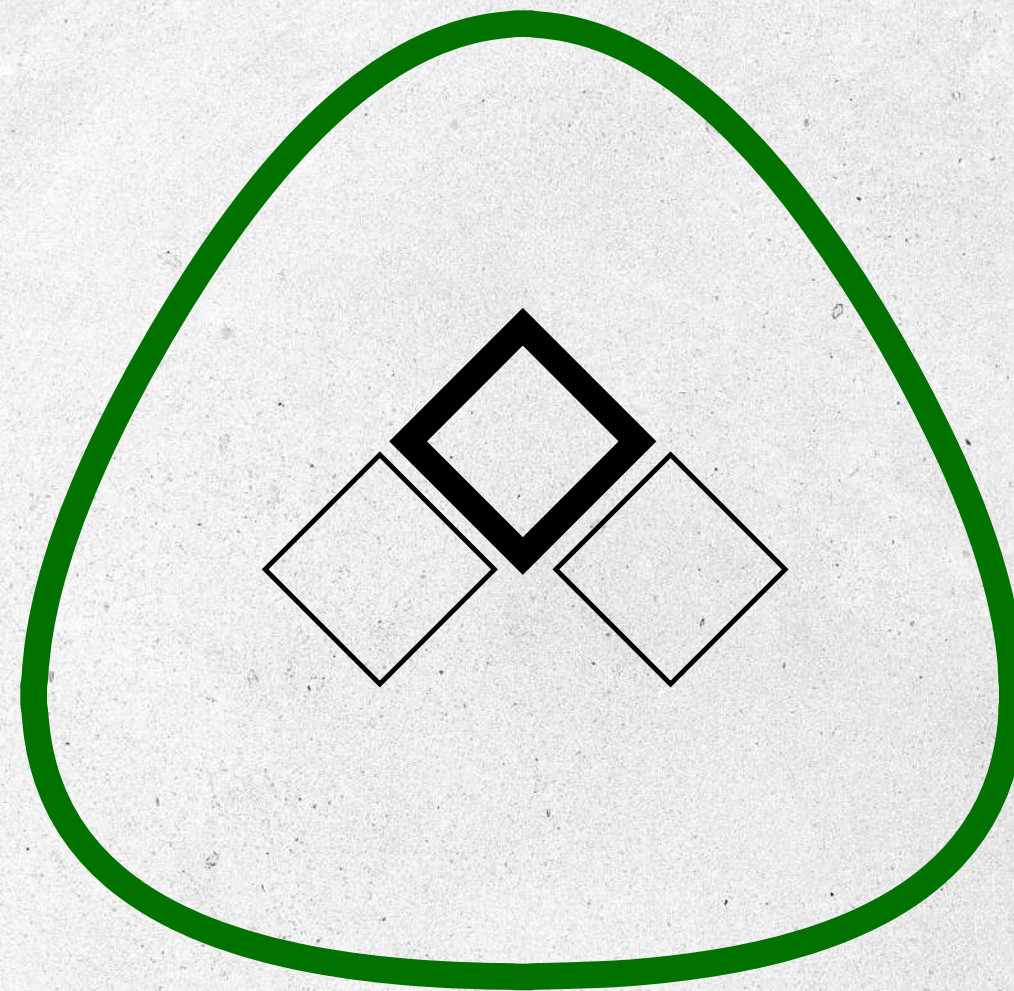

Maarouf is the passionate founder and creative force behind Joozoor, with his years of dedication and expertise Maarouf have earned numerous accolades in the landscaping industry. Along with his deep love for design and nature, Maarouf has successfully created a brand that brings the tranquillity and serenity of the outdoors into people's homes and workplaces. Through Joozoor, Maarouf aims to create nurturing environments that promote relaxation, productivity, and a deeper connection with nature.

Services

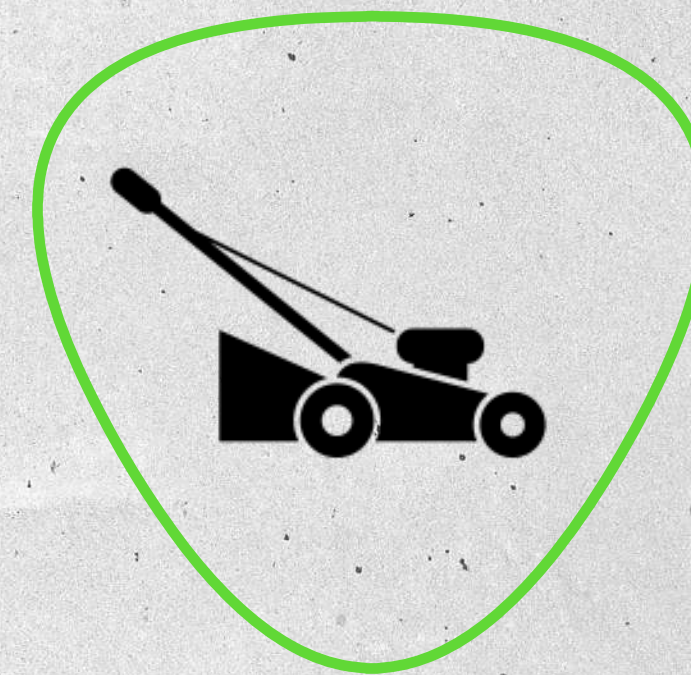

Joozoor team of experienced professionals work closely with customers to understand their preferences, style and space requirements to provide personalized design consultations. Over and above that we handle the execution with utmost precision. Additionally, we offer ongoing maintenance services to keep the your areas thriving and healthy.

Design

Execution

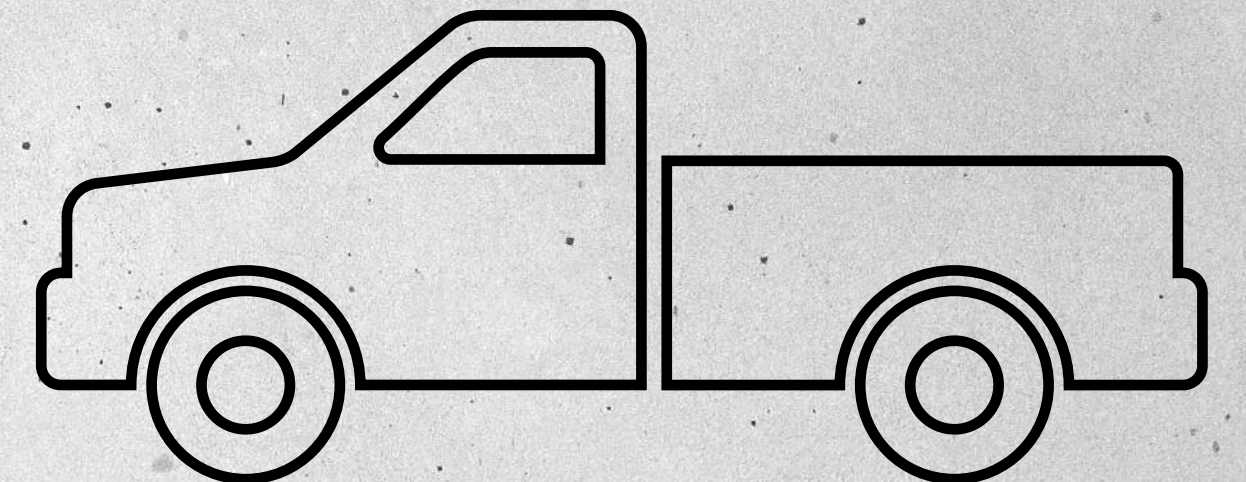

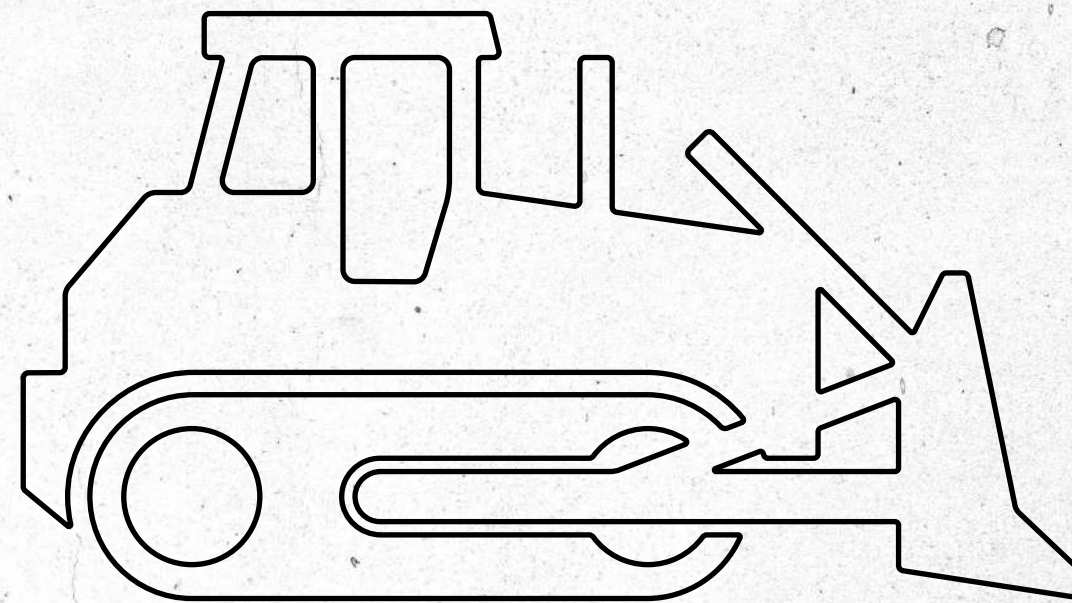

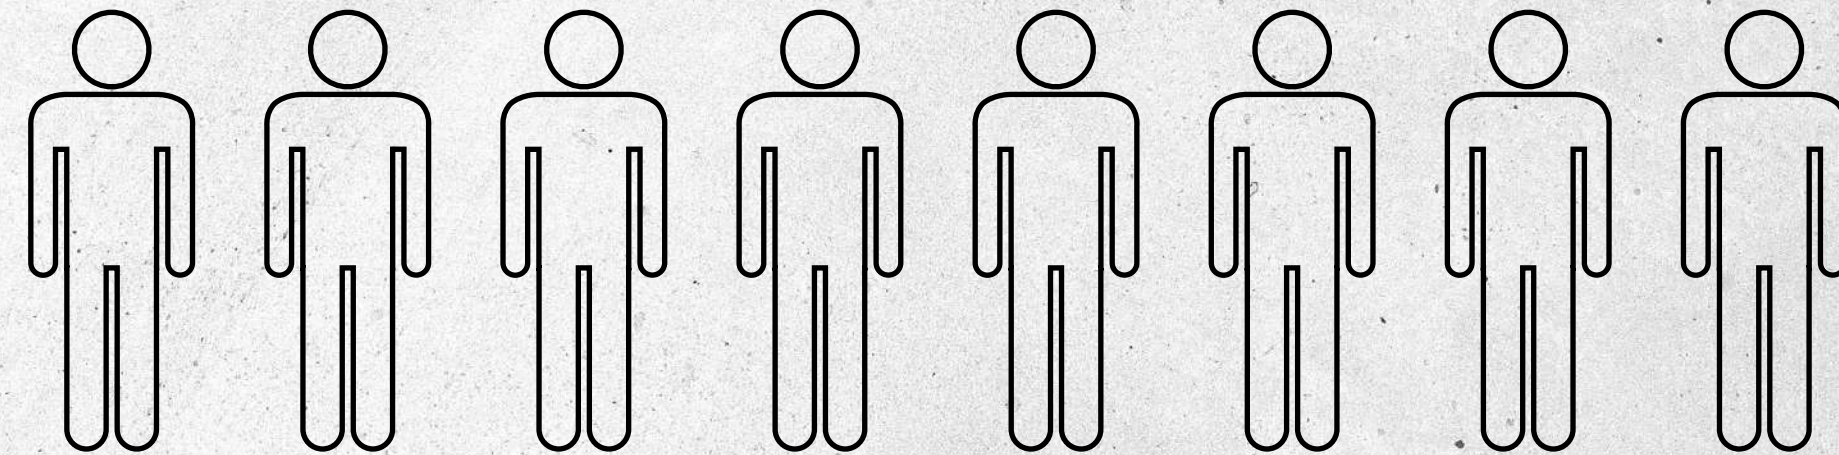

Maintenance

Manpower & Machinery

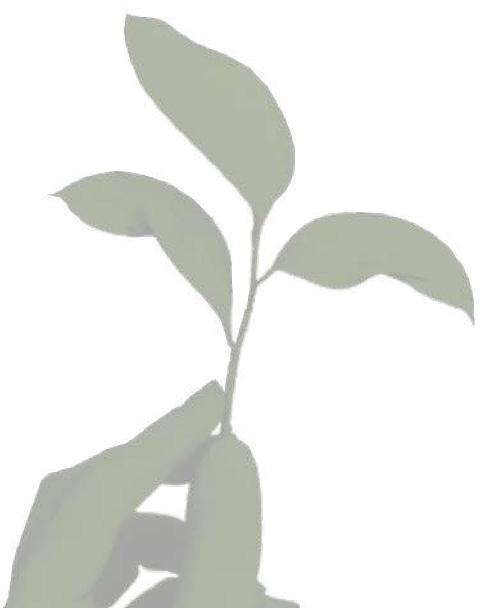

Our engineers and architects work together to develop concept and design driven strategies, with top technology and product selection.

Modern landscaping operations require versatile and durable equipment that can perform all of these applications with speed and efficiency. Joozoor has the right machine for your landscaping business.

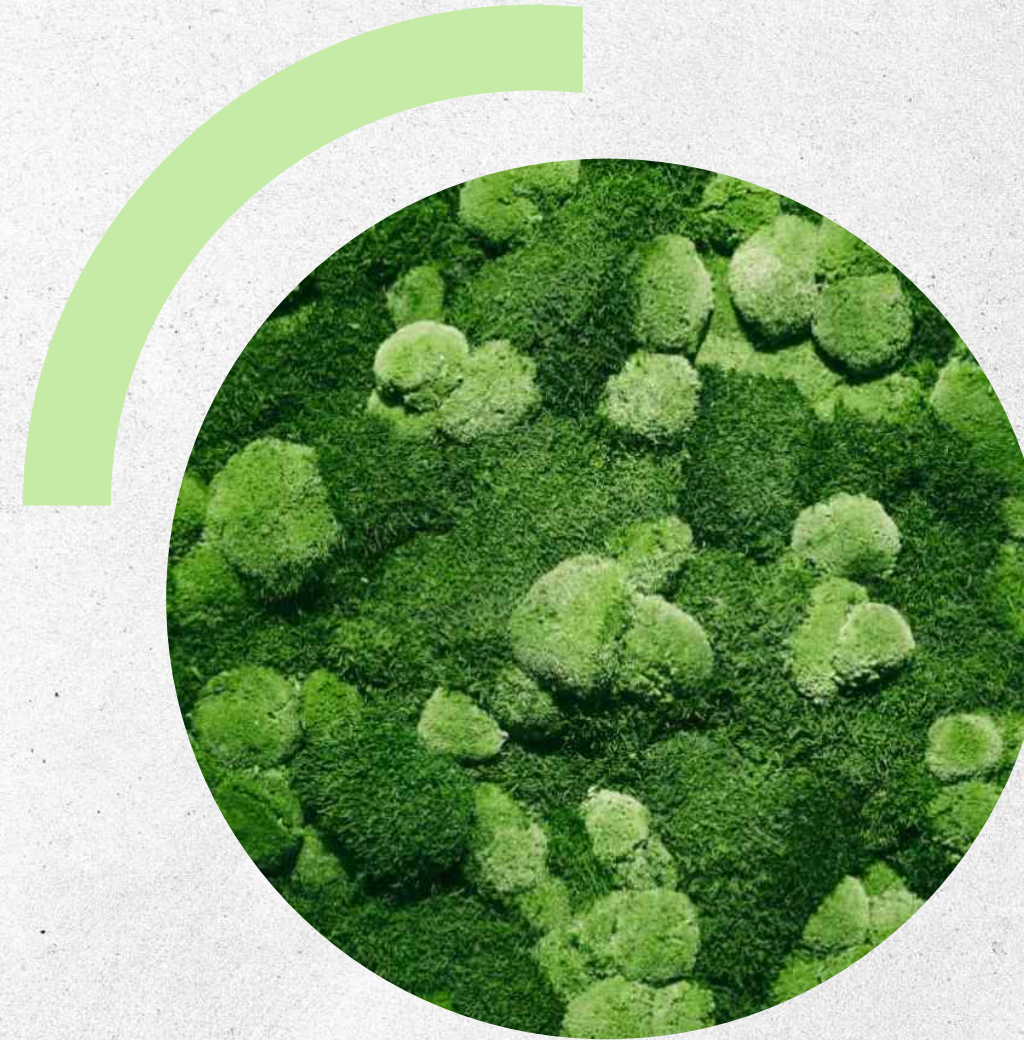

Moss Walls

At Joozoor, we bring the enchanting allure of nature indoors with our exquisite moss walls. Renowned for our exceptional designs and unmatched quality in Doha, we offer a serene and sustainable solution to elevate any space. Our moss walls not only enhance the aesthetic appeal of your environment but also improve air quality, reduce noise, and promote a sense of tranquility. With Joozoor, you can experience the beauty of nature effortlessly, all at the best prices and with services tailored to exceed your expectations.

MOSS OPTIONS

Preserved moss, also known as stabilized moss, undergoes a preservation process that retains its appearance and texture. It is treated with a solution to maintain its natural colour and softness over time. Preserved moss offers benefits such as sustainability and low maintenance, as it doesn't require watering or sunlight.

Bunny & Ball Moss

Preserved ball and bunny moss are characterized by their soft and fluffy texture, and they are among the approximately 16,000 species of photosynthetic plants.

Long Moss

Long and flat preserved moss is characterized by its elongated and flattened shape, which contributes to its distinctive texture and appearance.

Reindeer Moss

Reindeer moss, is a type of lichen that exhibits a distinctive texture and appearance. It typically grows in dense, cushion-like clusters and has a wiry and branching structure.

Softscape

We provide access to the largest selection of nursery plants and landscaping supplies.

In addition to plant supply, we carry out plant installations by preparing the ground and soil according to the best horticultural practices.

Hardscape

We specialize in providing top-quality landscaping materials and supplies, from stone pavers to retaining walls. Our expert team excels in hardscape installations, meticulously crafting outdoor spaces with precision and expertise.

Irrigation

Joozoor is your trusted partner for expert irrigation solutions, offering a range of products and services. Our skilled team designs custom irrigation systems tailored to each landscape, promoting healthy plant growth and sustainability.

Streetscape

Joozoor offers comprehensive streetscape solutions, sourcing top-quality materials for street furniture, lighting, and amenities. Our expert team excels in installations, creating vibrant and functional urban spaces that promote community engagement and well-being.

Fiber Clay and Fiber Glass Planters

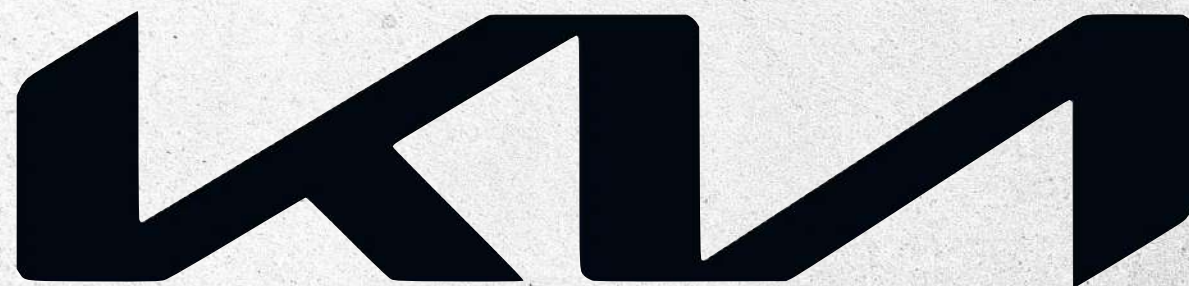

At Joozoor, we take pride in our in-house workshop dedicated to the creation of high-quality fiber clay and fiberglass planter boxes. Our skilled artisans and technicians work diligently to craft customized planter boxes tailored to our clients' specific needs and preferences. This hands-on approach ensures that every product meets our rigorous standards of excellence and aligns perfectly with the unique visions of our customers.

Whether you require a specific design, size, or finish, our workshop is equipped to bring your ideas to life. We believe that the right planter box can transform any space, and our commitment to quality craftsmanship guarantees products that are both beautiful and durable. With Joozoor, you can trust that your customized planter boxes are made with care and precision, reflecting the highest standards of design and functionality.
