CNT TRUCKING ~ CAPABILITY STATEMENT

Company Data

- Family-oriented business
- Headquarters in Cleveland, Ohio
- Founded in 2012
- Fourteen years of trucking experience
- Four years of experience in the dump trucking business, to date
- Respected by the companies we serve for our reliability, safety, and cost-effectiveness.
- CSB, MBE, LPE

Core Competencies

Provide the highest quality of transportation services for our valued customers. Employing the safest, professional, and dedicated drivers. We take our job seriously.

Experience

CNT Trucking started with one truck and one driver. To date, we have (4) four trucks and (3) three drivers and are looking to expand. We have helped our customers construct roads, build foundations, clear land for new construction, and repair existing structures by hauling out or bringing in our customer's products. Typical projects include highway and bridge construction, road building and reconstruction, large diameter pipelines, underground utilities, commercial and industrial site development, and asphalt paving

Past Performance

2012 – Dominion East Ohio Pipeline Infrastructure Replacement (various locations) subcontracting through Mid-Town Trucking

2013 - The US 422 Corridor subcontracting through Clark Family Trucking

2014 – Subcontractor for RAR Contracting working on various construction projects throughout Northeast Ohio

2015 – Subcontractor for the Arms Trucking Company working on various construction projects

2016 – Performed subcontractor work Kokosing on I-271
