

NORTHERN ONTARIO EXPO MISSION STATEMENT

The Northern Ontario Expo (TimminsCon) is a not-for-profit organization with a goal to enrich artists' lives by helping like-minded individuals come together and connect on a personal level.

Our focus is on local and surrounding area artists, trades and businesses in developing a stronger and united heritage of the arts and culture communities. Through various platforms, our talent will be given the opportunity to engage and share their collective knowledge and skills with the next generation of artists.

The Northern Ontario Expo helps build and sustain a strong community, promoting arts education and freedom of artistic expression while preserving our Northern cultural heritage.
