## SUITES, SOCIALS & MORE

I recently graduated with my Associate of Applied Science in Music Technology and Recording Arts. I have also earned my Music Technology and Recording Arts Certification. I have experience with Artist and music marketing through some local musicians and DJs across Ohio including promoting my own Music and artistic endeavors. You can check out my EPK (website) at the link on my Resume. I'm a singer/songwriter and multi-instrumentalist as well.

Some skills include editing, processing, creating, directing music events, songs, and artist. Audio engineering experience with multiple DAWS including Logic Pro X (main DAW), GarageBand, Protools, Cakewalk, and many more. I have much experience with MIDI and other digital interfaces to create high quality sounds and music to create a world of beauty and wonder for my listeners.

I have accounts across all social Media platforms. X (formerly known as Twitter), Facebook and Instagram (META, which I have utilized the tools within their software), TikTok, YouTube, LinkedIn, Pinterest, and many more.

I also have knowledge of streaming services such as Spotify, Apple Music, Pandora/Sirius XM, iHeartMedia, Amazon Music, YouTube, and similar streaming sites.

I also have familiarity and have had use with platforms such as Twitch, Discord, Soundcloud, etc.

I absolutely love learning and growing and if there are things I'm unsure of or do not know at this point in my career, I will always research and/or ask questions. I will never jeopardize an opportunity, my dignity, or the prosperity of any business or company, pretending to have knowledge I don't. 8 Years of secondary and supplemental music and engineering education in total.

I have a strong desire to work but more than anything I'm looking for a place to work in my career field where I am compensated for my hard work that will allow me to make a living. Somewhere I can stay for a long period of time. I need a strong team I can work with and learn from, and somewhere I can bring skills and utilize them.
