REVENUE FROM JAIL BED RENTALS

The Sanilac County Sheriff's Office has a long history of renting jail beds to outside agencies to include the United States Marshals Service, since 2002. In April 2013, we opened the jail addition that was built on our existing facility. Since the addition opening, the County has seen an increase in bed rental revenues of over 1 Million dollars per year. Since the 1990 bed rental started, the Sheriff's Office has brought over 37.5 Million dollars in revenue.

In 2020, the Covid-19 pandemic greatly impacted the revenue generated from Jail bed rentals. The number of inmates was down due to facilities' restrictions for our current inmate population's health, wellness, and safety. Some of those effects still resonated into 2021, however the revenue rebounded operational restrictions were reduced.

Jail Operations

The Sanilac County Jail is staffed by Corrections Deputies, Supervisors, Command Officers and Support staff. These individuals are responsible for the care and custody of all prisoners, the well-being of staff, and maintaining security and order within the jail facility.

In 2021, a total of 1,120 new inmates were booked into the Sanilac County Jail. That number consisted of 905 males and 215 females.
