

# INVEST IN WEST END FAMILY LINK CENTER AND SAVE ON YOUR TAXES!

Contributions made to the West End Family Link Center (WEFLC) Community Facility enterprise zone project will help to fund the remodel of an existing building, land purchase and new building development for a Community Facility to provide resources not presently available in the rural area and support the operations of new and existing programs. Your support in this will also allow you to receive a substantial benefit: up to a 25% tax credit above and beyond the existing charitable tax deductions through the State of Colorado and the Federal Government. This tax credit applies to all Colorado taxpayers, whether you itemize or not.

# Support our Community Facility

WEFLC has been in operation since 1993, providing family education and job support services, referrals to and assistance with emergency resources, and providing healthy food for the most vulnerable in the community.

WEFLC has developed a Capital Campaign to remodel an existing building (short term) and acquire land and build a larger building to expand services to the region (within 3 years). The new facility will be more than double the size of the current site, enabling the expansion and development of new training programs and improving service delivery.
