MISSION	USOLMT advocates for the massage therapy profession by educating, elevating, and encouraging professional massage therapists to break with the status quo of our industry and assists by empowering present and potential massage therapists and employers to innovate for future growth and expansion of our industry.
OVERVIEW	<p>USOLMT provides massage students, therapists and employers with personal, direct advocacy, nationwide industry news and information, and quality learning experiences.</p> <p>USOLMT brings massage therapists across the United States together to make a difference in our profession, careers, and industry. The programs developed by USOLMT incorporate a personal touch and focus on assisting current and future massage therapists in the industry towards a brighter future for all.</p> <p>We are actively growing a national massage association and look forward to working with others in our industry.</p>
