Laxson SOLUTIONS

Employee security Mobile app

Available on the App Store
GET IT ON Google Play
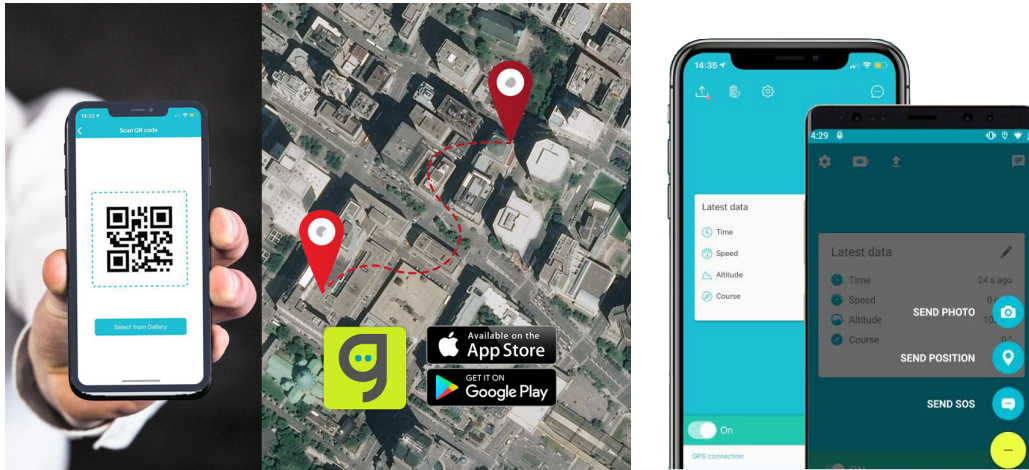

Globii app turn business smartphone into worker safety device

Can be used for many applications such as:

• Delivery staff, Technicians, Installers
• Security guards
• Taxis, Limousines, Shuttles
• Sales Representatives
• Workers in transit
• School campus security

globii®

The GLOBII® app can be Installed directly on company provided smartphones or tablets, then it transforms your device into a security, communication and tracking tool.

With an active licence unit ID provided by LaxsonGPS, this will enable your account. No other equipment to acquire. Deployed in minutes, GLOBII® can be used immediately.

The information is relayed in real time on the LAXPRO™ web portal, allowing managers to view, act and react quickly to any situation that may occur.

Google play
Available on the App Store

Features:

- Affordable: No equipment to acquire
- SOS button alert or automatic call
- Pictures sent instantly on LAXPRO™
- Send current position
- Read QR codes for checkpoints
