

## Worker safety solutions

For any worker situations, a quick response can minimize the severity of an injury or even prevent death. The **LAXSON-R** LWAD\* allows real-time notifications in order to support quickly a "worker in distress". Integrated into your existing EHS procedures, you can ensure a quick response to any emergency, anytime from anywhere.

**LAXSON-R:** Protection, Alerts and Evacuation of workers

- \* SOS Alerts via SMS
- \* Fall Detection via SMS
- \* Instant Alert Location
- \* Worker 'OK' Notification

### The **LAXSON-R** LWAD is ideal for:

- Warehouses, Outdoor Courtyards
- Lone Workers & Workers in close spaces
- Control of contractors on site
- New workers, students or workers without training
- Ports, airports, rail yards, oil & gaz, stadiums etc
- **Additional Options** : Evacuations, Collision avoidance (See table next page)

\*LWAD : Lone Worker Alert Device

Available Accessories for the **LAXSON-R**: USB charger, belt/cap clip, Arm band, Neoprene pouch, Wrist Band and Lanyard

## LAXSON-R BASIC

## OPTIONAL MODULES ADD ON

LWAD – LONE WORKER ALERT DEVICE	A COLLISION AVOIDANCE	B EVACUATION MANAGEMENT	C DISTANCING & CONTACT TRACING
