## HEALTH PROFESSIONAL PRODUCT & IMPLEMENTATION COURSE

**OCTOBER 24-25, 2020 | BREA, CALIFORNIA**

The nutraMetrix health professional course provides comprehensive education that suits many different healthcare practitioners and offers insight into optimal recommendations for diet, lifestyle, exercise and supplementation. Speakers to include, Deedra Mason, ND, Emitis Hosoda, MD, and Julie Landsiedel, MSN, APRN, FNPc.

*Some of the topics to be discussed:*

- Targeting protocols based on personalized genomics
  - Under muscled vs. over-fat
- A target nutritional approach to healthy brain aging
- Full spectrum hemp and the endocannabinoid system
  - Functional lab testing and follow up
- Fine tuning a wellness program through weight loss and genomic analysis
  - Detoxification and healthy hormonal balance
- Sex differences in heart health, fitness and patient presentation
  - nutraMetrix resources, tools and implementation
  - Gene SNP DNA Analysis and implementation
  - Panel discussions and Q&A

These events will help increase your knowledge about nutraMetrix products, services and advanced implementation methods while giving you insights, shared tips and systems to success that will help grow your business.
