In the Roman calendar, November was the ninth month until January and February were added, causing it to move to the 11th month, November got its name from “novem” which is Latin for the number nine. November has 30 days and marks the beginning of the winter season for most of us even though the winter solstice doesn’t occur until late December. If we are fortunate we may experience an ‘Indian summer’, but according to traditional definition, it can only occur between November 11 and November 20. “Indian Summer” is not the best terminology given the history of the term “Indian” in North America. The weather phenomenon is best described as “Second Summer” which appropriately describes the unusually late warm spells.

REMEMBRANCE DAY: In most countries, Remembrance Day is observed on the 11 of November to recall the end of the First World War hostilities. Hostilities ended “at the 11th hour of the 11th day of the 11th month” of 1918, in accordance with the armistice signed by representatives of Germany and the Entente between 5:12 and 5:20 that morning. This is a yearly memorial day that is observed in many Commonwealth countries to remember those who died in military service and honour those who have served or are serving in wartime.

Our red poppy is a symbol of both Remembrance and hope for a peaceful future. Poppies are worn as a show of support for our Armed Forces community and to honour those who have given their lives in battle. The poppy was chosen because they are the flowers that grew on the battlefields after WWI ended.

MJDSC leased areas in BUILDING -

All issues with the building (bathrooms, XYZ Auditorium, card room, craft room, etc.) are to be brought to Tanya. As tenants, MJDSC must have any renovations or changes to any part of the space approved by our landlord.
