Kinderdance / Primary Dance 1,2,3 / Ballet 1- 6: **class uniforms will be worn onstage in Grande Finale Recital.** Please take care of your dance clothes throughout the months. Do not wear your dance uniform to play or eat. Wash in cold water with similar colors (the pink/yellow/pale blue dance dresses/leos and all pink/light tights, should not be washed with darks). Hang leos and tights to dry. *For young children’s dresses: you may not need to wash after every class.* Fresh tights should be bought in the spring to have clean, unripped tights for picture day and performance.

The new tights colors: The goal of this endeavor is to embrace the beautiful variety of skin tone amongst our student population. Toe Tap & Tights, Salem NH, knows of our dress code and our plan, and they will help you find your color. They may have to order tights or some shoes in the shade you need – so please allow ~2 weeks before you really need them (for performances even more time to be sure). It is always ok to wear ‘out of date’ but appropriate dance wear, or borrow from our used dancewear at the studio, for class while you wait for your order.

Notes for Families:

- Hanami ballet / half-sole Shoes run small – start 2 sizes bigger than street shoe.
- Please remember to buy a fresh pair of tights(or 2) in Spring before pictures and performance. (it is also common for levels 4 -6 to need fresh ballet shoes / half-sole shoes if they have developed holes from wear)
- Toe Tap & Tights, Salem NH, houses our dress code – however once you are fitted and know your sizes, you may be able to **reorder** tights etc. online, or by calling TT&T.
- dance undergarments are needed for May recital for level 1 + (if in multiple costumes). You should find these in early spring, and seek out ones close to your skin-tone. This will be talked about in Jan. at peek-week for costume classes.
- feel free to ask miss Tabitha if you would like advice on what color tights/shoes for your student – we will have a ‘tights ring’ sample of colors behind the desk for you to look at, they also have this at the store. (*looking at colors on a screen is not always accurate*).
