

# CULTURE DAYS

## What is Culture Days?

Culture Days is a national celebration of arts and culture. At the end of each September, millions of people attend thousands of free participatory arts and culture events across the country. Culture Days programs invite the public to get hands-on and behind-the-scenes to highlight the importance of arts and culture in our communities. In light of COVID-19, this year's celebrations have again been extended to a 4-week run held indoors, outdoors and online. This year, The Last Mountain Lake Cultural Centre, Lumsden Beach Camp, Regina Beach Public Library and Regina Beach/Buena Vista Parks and Recreation have joined together to bring you various events throughout September and October. All events are free! We are grateful to SaskCulture for the funding to be able to provide these events to our communities. Visit [www.culturedays.ca](http://www.culturedays.ca) for more info!
