

ST. JOHN'S MEDICAL COLLEGE, BANGALORE - 560034

FOLLOWING IS THE LIST OF ONGOING PHD STUDENTS

Sl. No	Student Name	Department	Title of the Ph. D	Name of the Guide	Commenced on (Month/Year)
1	Ms. Annes Siji	Allied Health Sciences (Medical)	Molecular basis of steroid resistant nephrotic syndrome in children."	Dr. Anil Vasudevan	Mar-13
2	Ms. Sreekala K.N.	Clinical Proteomics	" Structure and function analysis of glutathionylated and glycosylated conjugates of commonly occurring hemoglobin variants in India: HbE, HbD and HbA."	Dr. Amit Kumar Mandal	Mar-13
3	Mr. Sudharshan H.L.	Allied Health Sciences (Medical)	" Studying resilience as a mediating factor between parental alcoholism and vulnerability for psychopathology among young adult children of alcoholics (YACOA)."	Dr. K. Srinivasan	Mar-13
4	Ms. Sumithra S.	Biostatistics Epidemiology (Psychiatry)	" A longitudinal study of progression of developmental milestones and executive functions in 2 year old pre-school children and south Indian."	Dr. K. Srinivasan	Jan-13
5	Dr. Urmila S. Deshmukh	Physiology	"A prospective study of infant feeding practices and their influence on body composition of infants and mothers in rural and urban Indian."	Dr. Anura V. Kurpad	Sep-12
6	Dr. Soumya S.	Physiology	"Vitamin B12 status during pregnancy: A study to assess the impact on maternal, fetal and infant autonomic nervous activity."	Dr. Sucharita S.	Jan-14
7	Dr. G. Radha	Community Health	"Factors influencing tobacco use in school teachers and high school students to develop strategies for prevention, cessation and protection measures in Bengaluru city."	Dr. Bobby Joseph	Oct-14
8	Ms. P. Annapurna	Medicine (Allied Health Sciences)	"Elucidation of the role of ROCK signaling pathway in radiation resistant cervical carcinomas."	Dr. Cecil Ross	Feb-14
9	Mr. Srinag B.S.	Medicine (Allied Health Sciences)	" An omics approach to understand platelet microparticle."	Dr. Cecil Ross	Jan-14
10	Ms. Saba Naqvi	Physiology	"Estimation of body cell mass by whole body potassium counting in pregnant women and neonates and estimation of resting energy expenditure in neonates by indirect calorimetry."	Dr. Anura V. Kurpad	Aug-15
11	Ms. Sahithya B.R.	Physiology	"The influence of parental personality and parenting styles on children with anxiety: A comparison of clinical and non clinical population."	Dr. Vijaya Raman	Nov-15
12	Ms. Stuti Panigrahi	Paediatric Nephrology (Allied Health Sciences)	"Molecular stratification of children with nephritic syndrome."	Dr. Anil Vasudevan	Aug-15
13	Mr. Suresh Kumar Parmar	Anatomy	"Gross and Micro-neurosurgical Anatomy of Tonsil, Flocculonodular Lobe Dentate Tubercle of Human Cerebellum - A Matter Fibre Dissection study."	Dr. Roopa Ravindran	Sep-16
14	Ms. Amrita Mitra	Molecular Biology (Allied Health Sciences)	" Molecular profiling of tissues and urine in prostate cancer using proteomics and imaging mass spectrometry."	Dr. Amit Kumar Mandal	Sep-16
15	Dr. Pranathi R.	Physiology	"A study to evaluate the effects of aerobic and resistance exercise on glycemic control, skeletal muscle function, metabolic activity and body composition among Prediabetic Indians."	Dr. Sucharita S.	Nov-16
16	Dr. Mugdha Sharma	Medicine (Allied Health Sciences)	" To analyze gene copy number variation on derivative chromosome 9 and their implications in drug response in Chronic Myeloid Leukemia."	Dr. Cecil Ross	Sep-16
17	Ms. Biby Hajira	Biochemistry (Allied Health Sciences)	"Evaluation of the Crude Extracts and purified compounds of Firmiana colorata for its medicinal properties."	Dr. Geraldine Menezes	Dec-16
18	Ms. Alesungla Aier	Psychiatry (Allied Health Sciences)	"Psychosocial profile of children with nephrotic syndrome and exploration of the effectiveness of play therapy."	Dr. Vijaya Raman	Dec-16
19	Ms. Bhagyalakshmi M.S.	Psychiatry (Allied Health Sciences)	"Genetic and epigenetic correlates in alcohol induced liver cirrhosis."	Dr. Ashok M.V.	Aug-16
20	Dr. Arpana Aprameya Iyengar	Paediatric Nephrology	" Protein Energy Wasting in Children with Chronic Kidney Disease - Assessment tools and Nutritional Links."	Dr. Anil Vasudevan	Aug-16
21	Ms. Meghana Vijayanand	Clinical Psychology	"Cognitive Functions in Children with Autism: Comparison with Psychiatric and Normal controls."	Dr. Vijaya Raman	Aug-16
22	Mr. Ashok Kumar B.K.	Anaesthesiology	"Effect of Interventional pain management on calcitonin gene-related peptide as a therapeutic biomarker in patients with chronic migraine without aura."	Dr. Savitha K.S.	Aug-16
23	Ms. Nishitha Linet Mendonca	Physiology	"A study to Evaluate the changes in Skeletal Muscle Health among women during their Life Cycle."	Dr. Sucharita S.	Nov-18
